ROBERT WEINSTEIN

) Complaint Nos. 761, 762, 763
) and 764

) Docket Nos. C2160, C2161,
) C2162 and C2163

)
)
) DECISION

Defendant is charged with violation of zoning ordinance Section 801 which prohibits the expansion of non-conforming uses. Under the ordinance, non-conforming uses may be continued however "no such non-conforming use or structure shall be enlarged, increased or changed, nor shall any non-conforming use be extended to occupy a greater area of land or structure than that occupied by such use or structure at the date of the adoption of this ordinance."

The ordinance proscribes the enlargement or expansion of a non-conforming use or structure.

There is no dispute in this case that Defendant's operation of the "Barn" with off street parking on Block 436 Lot 4, is a non-conforming business use and structure in a residential zone.

The evidence is clear that on November 1976 Defendant arranged to have construction equipment remove soil, stones, shrubbery, remains of a foundation wall and other miscellaneous

items stored upon the property, from an area approximately 35 feet by 55 feet located to the rear of the "Barn" structure, where ~~the property adjoins residential lots.~~ Defendant admits the purpose of the work was to level and grade and clear the area so that it could be used for the parking of cars. He claims however that in prior years customers have parked five to six cars there. There was testimony that a tree in this area was removed in June 1976. The tree was located approximately eight to nine feet into this area from its easterly side.

The area was inspected by the Court on January 31, 1977. At this time the former location of the tree, the foundation wall, and the former grade of land were pointed out by the Defendant and the Complainant in the presence of the Building Inspector.

The Building Inspector testified that when he visited the property in May 1970 for the purpose of determining the number of cars parked in the lot, he found the lot filled to capacity of 68 cars. He stated that he did not recall observing any car parked in the subject area. Complainant testified that he had not observed cars parked in the area since he has resided there for the past eight years, with the exception of one car parked diagonally at the rear of the property, partly in the subject area facing the rear fence. On the dates in question he found three cars parked facing the fence at the westerly side of the property in an area previously inaccessible. Two additional cars were parked facing the fence at the southerly side of the property in an area previously not used for parking. The re-

mainder of the lot was filled. The testimony of Jeff Gringant revealed that prior to November 1976 at least one car could have been parked along the rear of the building not past the door although he could not recall observing one there. He stated that more than one car could not have been parked there during the past eight years.

It is apparent that the area was cleared for additional parking in November 1976. The Court finds that more than one car could not have been parked there prior to clearing and grading.

The law is clear both in the zoning ordinance and the cases, that a non-conforming use is limited to the area it covers at the time of the enactment of the ordinance restriction and an increase in area which involves an expansion of facilities not previously utilized, is prohibited. It is clear from all the facts that this is what was done here. The property was cleared to expand the non-conforming parking facilities, thereby enlarging the area of use with its consequent increase in business activity in the residential zone. This conduct is clearly prohibited under the zoning ordinance and pursuant to case law proscribing expansion of non-conforming uses.

Defense is therefore found guilty as charged. Beyond the parking of one car along the building in an area previously accessible for that purpose, the area in question cannot be used for off street parking facilities. This opinion shall in no way be construed as a permit to park any more cars in the lot than may have been permitted by action of the Board of Commissioners.

There shall be a fine of \$20.00 plus \$10.00 costs imposed on each complaint.

RE: SPECIAL RULING TO PERMIT RENEWAL OF INACTIVE LICENSE PURSUANT TO N.J.S.A. 33:1-12.39 FOR THE 2021 – 2022 AND 2022 - 2023 LICENSE TERM(S); LIC. NO. 0270-44-004-005; LIC. NAME: JEZE CORP; DOCKET NO. 05-21-131; JOB NO. 438604

Dear Petitioner:

Enclosed please find a Special Ruling to permit consideration of a renewal application for the above referenced inactive license pursuant to N.J.S.A. 33:1-12.39. As noted in the enclosed document, this Ruling merely determined that good cause exists for the issuing authority to consider your application. It is now within the purview of the local issuing authority to either grant or deny your renewal application in the reasonable exercise of its discretion.

Be advised that if your license is merely inactive and is sited at a premises, in order to activate this license during any of the license terms referenced above, you are required to file an amendment to your license application pursuant to N.J.A.C. 13:2-2.14. To properly file the amendment, pages 1, 2, and 11 of the 12-page license application must be filed with the local issuing authority not more than 10 days prior to, or 10 days after, opening the business. The local issuing authority will then present you with a current license certificate which must be prominently displayed where it can be readily seen by customers. N.J.A.C. 13:2-23.13(a)1.

However, if your license is a "pocket license," (a license not sited at a premises) and you wish to activate your license at a premises during any of the license terms referenced above, you must file a full 12-page application transferring the license from "pocket" status to the intended premises. Please contact your local issuing authority to comply with all requirements regarding the transfer.

I suggest that you contact the local issuing authority immediately to determine what steps are necessary to complete your license application renewal process.

Very truly yours,

# C. 271 POLITICAL CONTRIBUTION DISCLOSURE FORM

## Contractor Instructions

Business entities (contractors) receiving contracts from a public agency that are NOT awarded pursuant to a "fair and open" process (defined at N.J.S.A. 19:44A-20.7) are subject to the provisions of P.L. 2005, c. 271, s.2 (N.J.S.A. 19:44A-20.26). This law provides that 10 days prior to the award of such a contract, the contractor shall disclose contributions to:

- any State, county, or municipal committee of a political party
- any legislative leadership committee\*
- any continuing political committee (a.k.a., political action committee)
- any candidate committee of a candidate for, or holder of, an elective office:
  - of the public entity awarding the contract
  - of that county in which that public entity is located
  - of another public entity within that county
  - or of a legislative district in which that public entity is located or, when the public entity is a county, of any legislative district which includes all or part of the county

The disclosure must list reportable contributions to any of the committees that exceed \$300 per election cycle that were made during the 12 months prior to award of the contract. See N.J.S.A. 19:44A-8 and 19:44A-16 for more details on reportable contributions.

N.J.S.A. 19:44A-20.26 itemizes the parties from whom contributions must be disclosed when a business entity is not a natural person. This includes the following:

- individuals with an "interest" ownership or control of more than 10% of the profits or assets of a business entity or 10% of the stock in the case of a business entity that is a corporation for profit
- all principals, partners, officers, or directors of the business entity or their spouses
- any subsidiaries directly or indirectly controlled by the business entity
- IRS Code Section 527 New Jersey based organizations, directly or indirectly controlled by the business entity and filing as continuing political committees, (PACs).

When the business entity is a natural person, "a contribution by that person's spouse or child, residing therewith, shall be deemed to be a contribution by the business entity." [N.J.S.A. 19:44A-20.26(b)] The contributor must be listed on the disclosure.

Any business entity that fails to comply with the disclosure provisions shall be subject to a fine imposed by ELEC in an amount to be determined by the Commission which may be based upon the amount that the business entity failed to report.

The enclosed list of agencies is provided to assist the contractor in identifying those public agencies whose elected official and/or candidate campaign committees are affected by the disclosure requirement. It is the contractor's responsibility to identify the specific committees to which contributions may have been made and need to be disclosed. The disclosed information may exceed the minimum requirement.

The enclosed form, a content-consistent facsimile, or an electronic data file containing the required details (along with a signed cover sheet) may be used as the contractor's submission and is disclosable to the public under the Open Public Records Act.

The contractor must also complete the attached Stockholder Disclosure Certification. This will assist the agency in meeting its obligations under the law. **NOTE: This section does not apply to Board of Education contracts.**
