ELECTED OFFICIALS RISK MANAGEMENT MANUAL- "THE POWER OF COLLABORATION"

This softcover reference manual is in your bin. This is a publication of MEL/JIF and a copy is provided for each elected official.

Essentially this manual is intended to enhance a person's municipal knowledge from whatever speed you are "driving at" to "60 miles an hour" in a quick read.

Note, the author is a Wyckoff resident/ JIF Founder Dave Grubb.

Did you know?

- "Risk Management goes considerably beyond insurance."
- The MEL "Joint Cash Management and Investment" pool provided the Township of Wyckoff its best quote on our \$3,823,900 Bond Anticipation note, renewing it to March 24, 2021.
- Workers Compensation is the largest driver of insurance costs. The Township of Wyckoff has achieved the last six (6) consecutive years without a "loss time" accident. (one (1) year is excellent- six (6) consecutive years proves we have the best employees and volunteers who embrace our genuine safety message).

Congratulations to Those Who Participated in the Election Process

Congratulations are extended to all the candidates who desire to serve their community as elected officials and participate in the governing process. Thanks to the Wyckoff voters who participated in the democratic process through exercising their right to vote.

- It is estimated the **80% to 90%** of Wyckoff's **14,088** registered voters voted in this General Election.
- For comparison- The 2016 General Election produced a **75.86%** of Wyckoff's registered voters voting.
- The two (2) voting machines at the Eisenhower school (one (1) in each room to achieve social distancing for all voter's in all ten (10) election districts) were not utilized.

WE NEED TO REMAIN VIGILANT IN OUR PERSONAL FIGHT AGAINST THE COVID19 VIRUS

1. Wear face masks.
2. **Do not** access the office areas behind the office Dutch doors in Town Hall. The Dutch doors and plastic shields were installed to maintain 6-foot distance.
3. Communicate whenever possible via phone, with other offices, instead of in person.
4. A spike in COVID-19 cases has arrived. It is critical that each office can continue to function. This only happens when employees in an office maintain 6 feet of distance from each other and wear masks when practical in the office.
5. If one office person contracts COVID-19 or is quarantined, all other employees in the office or wing of Town Hall will not have to be quarantined if we all: keep 6 feet of distance, wear masks and respect the Dutch door barriers. These are critical measures to ensure we can continue the continuity of our services we provide.
6. Remain vigilant and practice these measures outside of work. *Do not bring this virus to work!*

MORE SAFETY PRECAUTIONS TO COMBAT COVID-19 VIRUS WHILE AT WORK!

1. Employees shall not share **PHONES** or **COMPUTERS**. Each employee, as an added level of precaution is responsible for "wiping down" their keyboard, mouse, and phone before and after each work day with the sanitizing wipes.
2. Employees will use printers in their office workspace and avoid using Town Hall copier for routine printing. If the use of the Town Hall copier is necessary it is to be "wiped down" with sanitizing wipes after use.

AND EVEN MORE PRECAUTIONS-ALL EMPLOYEES ENTERING TOWN HALL MUST WEAR FACE COVERINGS

We have worked both diligently and consistently to keep Town Hall free from COVID-19. This is a friendly reminder: DPW Staff, Police, Department Staff, Recreation Department Staff and the Township Committee that **YOU MUST WEAR A FACE COVERING IN TOWN HALL.**

- Now that Town Hall employees are parking on the police entrance side of Town Hall, do not forget to wear your face mask when entering Town Hall.
- If you do not have a face covering, call Joe Salerno or Bob Shannon and one will be provided to you.

AND If you are feeling ill, call your department manager & ask for instructions! If you think you might have been exposed to someone with a confirmed case of covid-19, please contact your supervisor and obtain their guidance. Staying home will protect the rest of your co-workers.

FOOD DRIVE

Mary Ellen has been in contact with the Center for Food Action and we will once again be having a food drive during the month of November.

Beginning November 2, there will be a collection box in the copy room. For details about items urgently needed, please see the list attached to the box. The collection will end on Monday, November 23rd. Thank you in advance for your generosity and willingness to assist those in need!

SAFETY PRECAUTIONS FOR THE FALL SEASON

With the fall weather upon us, we experience leaves on the streets and sidewalks and sometimes snow. As a way of a reminder, the following safety precautions will help you avoid injuries from slip and falls.

- Always anticipate ice under snow.
- Always anticipate uneven surfaces or a curb under leaves, snow, or debris.
- Transitioning from outside to inside presents different hazards. Pedestrians need to adjust their gait as they move from outside walks and inside flooring. Remind your staff to walk with short, deliberate steps where the mid-foot strikes the ground first (not the heel). Eyes must also adjust from outdoor light (and glare) conditions to interior lighting.
- Slips at the heel are the most common slip occurrence. When walking on slippery surfaces, the body should be centered over the feet. Pay attention; do not become distracted with your phone, reaching for keys, etc. Avoid walking with your hands in your pockets or carrying large objects. Use railings whenever possible.
- Remind your staff to look before getting out of vehicles. If the area is coated with ice, they may want to park in a different spot. Test potentially slippery surfaces by tapping with a foot before committing to them. Use the vehicle for support. Face the vehicle and use the 3-Points of Contact Rule. Always have both hands on the car when stepping into or out of the vehicle.

CIVIL RIGHTS COMPLIANCE MONITORING "Q & A"

1. **Q** - Is the Township committed to compliance?

A – The Township Committee expresses its unequivocal commitment to the discrimination and enforcement of this policy.

2. **Q** - Who can allege violations be reported to?

A – Procedure to report alleged discrimination, harassment and/or violations of civil rights prohibited by this policy to any of the following officials:

Robert J. Shannon, Jr. Township Administrator

Diana McLeod, CFO, Tax Collector

David V. Murphy, Chief of Police

Supervisors and Managers are required to immediately notify their Department Manager of any acts of harassment, discrimination and/or violations of civil rights they have observed or that have been reported to them.

NO RETALIATION:

No person shall retaliate against any person who reports any alleged discrimination, harassment or violation of civil rights, provided however, that any person who reports alleged violations in bad faith shall be subject to appropriate discipline.

3. **Q** -Who does the Township Civil Rights Policy apply to?

A - THIS POLICY APPLIES TO ALL EMPLOYEES, OFFICIALS, VOLUNTEERS AND ENTITIES PERFORMING VOLUNTEER SERVICES OR WORK FOR THE TOWNSHIP OF WYCKOFF:

The prohibitions and requirements of this policy shall extend to any person or entity, including but not limited to any volunteer organization or inter-local organization, whether structured as a governmental entity or a private entity, that receives authorization or support in any way from the Township of Wyckoff to provide services that otherwise could be performed by the Township of Wyckoff.

PROHIBITED CONDUCT AND LANGUAGE INCLUDES BUT IS NOT LIMITED TO:

Discrimination, harassment and violations of civil rights shall not be permitted and the Township is committed to enforcement of this policy. Prohibited conduct is defined in the applicable Federal and State Laws concerning discrimination, harassment and civil rights. It includes but is not limited to discrimination on the basis of sex, race, creed, color, religion, national origin, ancestry, age, marital or political status, affectional or sexual orientation, domestic partnership status, civil union status, atypical heredity, cellular or blood trait, genetic information, disability (including AIDS or HIV infection), liability for service in the United States armed forces, gender identity or expression, and /or any other characteristic protected by law.

CYBERSECURITY LEARNING MOMENT-DON'T BE THAT GUY!**KNOWBE4 SECURITY TIPS – PRETEXTING**

Pretexting is when the bad guys create a false scenario using a made-up identity or pose as someone you know to manipulate you into divulging personal or sensitive information. They often pose as employees of bank or credit card companies or even as your own coworkers.

How it Works: Common Tactics of Influence

The bad guys will try to persuade you into letting your guard down and giving them what they're looking for. Oftentimes, they don't even need information specific to your organization to trick you.

See below for an example of two common tactics used to influence victims in pretexting scenarios:

- **Influence by Authority**

For example, you receive a call at work from someone demanding immediate assistance, using an aggressive and authoritative tone. This person establishes their authority by using an executive-level or official-sounding "job title". They may even insult you for not being familiar with "who they are". These scare tactics alone often sway victims into giving away sensitive information or complying with a request.

It's human nature to act in a responsive manner around someone of authority, but don't fall victim to false claims of authority!

- **Influence by Obligation**

For example, you receive a call from someone posing as a member of your IT department. The bad guy tells you they've found malicious activity on your work computer and begin questioning your recent browsing history—implying that you've reached a malicious website and have put the company in danger as a result. Then, they demand you update your password with a more "secure" password which they provide.

Would you feel obligated to comply with their instructions? Many unsuspecting individuals would—but don't fall victim to a false sense of obligation!

- ***How Can I Avoid Falling Victim to Pretexting Scenarios?***

Remember the following to help protect your organization against pretexting scenarios:

- Never give out sensitive information over the phone, online, or in email, unless you are absolutely sure you know who you're dealing with, or you initiated contact with the individual.
- If the caller claims to be an employee but their request seems suspicious, verify their identity through a trusted party and let them know you'll call them back. If the caller questions the need for your verification efforts, explain that you're following the process required of your position. Maintain a respectful but forceful attitude.
- Make sure you're familiar with your organization's protocols for handling requests for information, or ask your supervisor if you need assistance.

JOYCE C. SANTIMAURO, MUNICIPAL CLERK

Right to be Free of Gender Inequity or Bias in Pay, Compensation, Benefits or Other Terms and Conditions of Employment

New Jersey and federal laws prohibit employers from discriminating against an individual with respect to his/her pay, compensation, benefits, or terms, conditions or privileges of employment because of the individual's sex.

FEDERAL LAW

Title VII of the Civil Rights Act of 1964 prohibits employment discrimination based on, among other things, an individual's sex. Title VII claims must be filed with the United States Equal Employment Opportunity Commission (EEOC) before they can be brought in court. Remedies under Title VII may include an order restraining unlawful discrimination, back pay, and compensatory and punitive damages.

The Equal Pay Act of 1963 (EPA) prohibits discrimination in compensation based on sex. EPA claims can be filed either with the EEOC or directly with the court. Remedies under the EPA may include the amount of the salary or wages due from the employer, plus an additional equal amount as liquidated damages.

Please be mindful that in order for a disparity in compensation based on sex to be actionable under the EPA, it must be for equal work on jobs the performance of which requires equal skill, effort, and responsibility, and which are performed under similar working conditions.

There are strict time limits for filing charges of employment discrimination. For further information, contact the EEOC at 800-669-4000 or at www.eeoc.gov.

NEW JERSEY LAW

The New Jersey Law Against Discrimination (LAD) prohibits employment discrimination based on, among other things, an individual's sex. LAD claims can be filed with the New Jersey Division on Civil Rights (NJDCR) or directly in court. Remedies under the LAD may include an order restraining unlawful discrimination, back pay, and compensatory and punitive damages.

Another State law, N.J.S.A. 34:11-56.1 et seq., prohibits discrimination in the rate or method of payment of wages to an employee because of his or her sex. Claims under this wage discrimination law may be filed with the New Jersey Department of Labor and Workforce Development (NJDLWD) or directly in court. Remedies under this law may include the full amount of the salary or wages owed, plus an additional equal amount as liquidated damages.

Please be mindful that under the State wage discrimination law a differential in pay between employees based on a reasonable factor or factors other than sex shall not constitute discrimination.

There are strict time limits for filing charges of employment discrimination. For more information regarding LAD claims, contact the NJDCR at 609-292-4605 or at www.njcivilrights.gov. For information concerning N.J.S.A. 34:11-56.1 et seq., contact the Division of Wage and Hour Compliance within the NJDLWD at 609-292-2305 or at <http://wd.state.nj.us>.

50. EMPLOYEE COMPLAINT POLICY

Employees who observe actions they believe to constitute harassment, sexual harassment, or any other workplace wrongdoing should immediately report the matter to their supervisor, or, if they prefer, or do not think that the matter can be discussed with their supervisor, they should contact the Township Administrator, the Chief of Police or the Chief Financial Officer. Reporting of such incidents is encouraged both when an employee feels that he or she is subject to such incidents, or observes such incidents in reference to other employees. Employees should report incidents in writing using the Employee Complaint form, but may make a verbal complaint at their discretion. If the employee has any questions about what constitutes harassment, sexual harassment, or any other workplace wrongdoing, they may ask their supervisor or one of the individuals listed above. All reports of harassment, sexual harassment, or other wrongdoing will be promptly investigated by a person who is not involved in the alleged harassment or wrongdoing.

No employee will be penalized in any way for reporting a complaint. There will be no discrimination or retaliation against any other individual who participates in the investigation of a complaint.

If the investigation substantiates the complaint, appropriate corrective and/or disciplinary action will be swiftly pursued. Disciplinary action up to and including discharge will also be taken against individuals who make false or frivolous accusations, such as those made maliciously or recklessly. Actions taken internally to investigate and resolve harassment complaints will be conducted confidentially to the extent practicable and appropriate in order to protect the privacy of persons involved. Any investigation may include interviews with parties involved in the incident, and if necessary, with individuals who may have observed the incident or conduct or

who have other relevant knowledge. The complaining employee will be notified of a decision at the conclusion of the investigation within a reasonable time from the date of the reported incident.

Reporting of such incidents is encouraged both when an employee feels that he or she is subject to such incidents, or observes such incidents in reference to other employees. Employees should report incidents in writing using the Employee Complaint form, but may make a verbal complaint at their discretion. If the employee has any questions about what constitutes harassment, sexual harassment, or any other workplace wrongdoing, they may ask their supervisor or one of the individuals listed above. All reports of harassment, sexual harassment, or other wrongdoing will be promptly investigated by a person who is not involved in the alleged harassment or wrongdoing.

No employee will be penalized in any way for reporting a complaint. There will be no discrimination or retaliation against any individual who files a good-faith harassment complaint, even if the investigation produces insufficient evidence to support the complaint, and even if the charges cannot be proven. There will be no discrimination or retaliation against any other individual who participates in the investigation of a complaint.

If the investigation substantiates the complaint, appropriate corrective and/or disciplinary action will be swiftly pursued. Disciplinary action up to and including discharge will also be taken against individuals who make false or frivolous accusations, such as those made maliciously or recklessly. Actions taken internally to investigate and resolve harassment complaints will be conducted confidentially to the extent practicable and appropriate in order to protect the privacy of persons involved. Any investigation may include interviews with parties involved in the incident, and if necessary, with individuals who may have observed the incident or conduct or

who have other relevant knowledge. The complaining employee will be notified of a decision at the conclusion of the investigation within a reasonable time from the date of the reported incident.

JOYCE C. SANTIMAURO
MUNICIPAL CLERK

TOWNSHIP OF WYCKOFF RUMOR PREVENTION POLICY

A recent report that appeared in a Fire Department command communication discussed the negative impact of spreading rumors in an organization. The article has value for all organizations:

With every official system of communication there is an unofficial system, which is commonly referred to as the "Grapevine" or the "Rumor Mill." This communication system is a social network used to transmit social news and often, an organization's official information, in an informal manor.

The grapevine is not a preferred method of communicating information within an organization. Official news traveling through the grapevine can have detrimental effects upon morale and operations, and may affect individual reputations. It is a method for receiving information, but should never be used to transmit information.

The report identifies flaws in the grapevine system that make it unacceptable from an organization's point of view, and which should be unacceptable from an individual's point of view are:

1. No methods exist to ensure inaccurate or false information can be distinguished from official information. Rumors can have the same validity as official information.
2. No method to ensure that complete information was transmitted. This is especially true in cases of disputes, where only the speaker's point of view is presented or when the facts are out of context.
3. No method to determine if information is slanted because of the speaker's personal bias.
4. No method to clarify information or to correct misinformation.
5. No method to prevent confidential disclosures that can embarrass the department of individuals.

The Township strives to provide official information on a regular basis to combat rumors and to prevent rumors from being started.

As individuals, we can choose not to offer anything to the grapevine. We can take a proactive stand (leadership) to discourage the spreading of rumors, and when we are the victim of a rumor we can choose to behave professionally and not allow it to get to us. Thank your coworkers and friends for their support, but ask them not to comment any further on the rumor in an effort to limit its credibility and so they are not adding to the rumor. Participating in the grapevine can often be a fool's game. It has plenty of victims and no winners. Your time and energy is better spent serving the public. Rumors degrade all of us.

STATE OF NEW JERSEY
DOMESTIC VIOLENCE POLICY FOR PUBLIC EMPLOYERS

I. PURPOSE

The purpose of the State of New Jersey Domestic Violence Policy for Public Employers (herein "policy") is to set forth a uniform domestic violence policy for all public employers to adopt in accordance with N.J.S.A. 11A:2-6a. The purpose of this policy is also to encourage employees who are victims of domestic violence, and those impacted by domestic violence, to seek assistance from their human resources officers and provide a standard for human resources officers to follow when responding to employees.

II. DEFINITIONS

The following terms are defined solely for the purpose of this policy:

- 1) Domestic Violence – Acts or threatened acts, that are used by a perpetrator to gain power and control over a current or former spouse, family member, household member, intimate partner, someone the perpetrator dated, or person with whom the perpetrator shares a child in common or anticipates having a child in common if one of the parties is pregnant. Domestic violence includes, but is not limited to the following: physical violence; injury; intimidation; sexual violence or abuse; emotional and/or psychological intimidation; verbal abuse; threats; harassment; cyber harassment; stalking; economic abuse or control; damaging property to intimidate or attempt to control the behavior of a person in a relationship with the perpetrator; strangulation; or abuse of animals or pets.
- 2) Abuser/Perpetrator – An individual who commits or threatens to commit an act of domestic violence, including unwarranted violence against individuals and animals. Other abusive behaviors and forms of violence can include the following: bullying, humiliating, isolating, intimidating, harassing, stalking, or threatening the victim, disturbing someone's peace, or destroying someone's property.

- 3) Human Resources Officer (HRO) – An employee of a public employer with a human resources job title, or its equivalent, who is responsible for orienting, training, counseling, and appraising staff. Persons designated by the employer as the primary or secondary contact to assist employees in reporting domestic violence incidents.
- 4) Intimate Partner – Partners of any sexual orientation or preference who have been legally married or formerly married to one another, have a child or children in common, or anticipate having a child in common if one party is pregnant. Intimate partner also includes those who live together or have lived together, as well as persons who are dating or have dated in the past.
- 5) Temporary Restraining Order (TRO) – A civil court order issued by a judge to protect the life, health or well-being of a victim. TROs can prohibit domestic violence offenders from having contact with victims, either in person or through any means of communication, including third parties. TROs also can prohibit offenders from a victim's home and workplace. A violation of a TRO may be a criminal offense. A TRO will last approximately 10 business days, or until a court holds a hearing to determine if a Final Restraining Order (FRO) is needed. In New Jersey, there is no expiration of a FRO.
- 6) Victim – A person who is 18 years of age or older or who is an emancipated minor and who has been subjected to domestic violence by a spouse, former spouse, or any other person who is a present household member or was at any time a household member. A victim of domestic violence is also any person, regardless of age, who has been subjected to domestic violence by one of the following actors: a person with whom the victim has a child in common; a person with whom the victim anticipates having a child in common, if one of the parties is pregnant; and a person with whom the victim has had a dating relationship.
- 7) Workplace-Related Incidents – Incidents of domestic violence, sexual violence, dating violence, and stalking, including acts, attempted acts, or threatened acts by or against employees, the families of employees, and/or their property, that imperil the safety, well-being, or productivity of any person associated with a public employee in the State of New Jersey, regardless of whether the act occurred in or outside the organization's physical workplace. An employee is considered to be in the workplace while in or using the resources of the employer. This includes, but is not limited to, facilities, work sites, equipment, vehicles, or while on work-related travel.

III. PERSONS COVERED BY THIS POLICY

All New Jersey public employees are covered under this policy. A State of New Jersey public employer is any state, county, municipality, school district, or other political subdivision thereof, and any agency, authority, or instrumentality of the foregoing. Casual/seasonal employees, interns, volunteers and temporary employees of any public employer at any workplace location are also covered under this policy.

IV. RESPONSIBILITY OF EMPLOYERS TO DESIGNATE A HUMAN RESOURCES OFFICER

All public employers shall designate an HRO to assist employees who are victims of domestic violence.

The designated HRO must receive training on responding to and assisting employees who are domestic violence victims in accordance with this policy. Should the HRO be unavailable at any time, the employer must designate a secondary HRO, who must also be appropriately trained to respond and assist domestic violence victims pursuant to this policy.

Managers and supervisors are often aware of circumstances involving an employee who is experiencing domestic violence. Managers and supervisors are required to refer any employee who is experiencing domestic violence or who report witnessing domestic violence to the designated HRO. Managers and supervisors must maintain confidentiality, to the extent possible, and be sensitive, compassionate, and respectful to the needs of persons who are victims of domestic violence. The name and contact information of the designated HRO must be provided to all employees.

This policy does not supersede applicable laws, guidelines, standard operating procedures, internal affairs policies, or New Jersey Attorney General directives and guidelines that impose a duty to report. For example, if there is any indication a child may also be a victim, reporting is mandatory to the Department of Children and Families, Child Protection and Permanency, under N.J.S.A. 9:6-8.13.

V. DOMESTIC VIOLENCE REPORTING PROCEDURES

Employees who are victims of domestic violence are encouraged to seek immediate assistance from their HRO. Employees who have information about or witness an act of domestic violence against an employee, are encouraged to report that information to the designated HRO, unless the employee is required to report the domestic violence pursuant to applicable laws, guidelines, standard operating procedures, internal affairs policies, or New Jersey Attorney General directives and guidelines that impose a duty to report, in which case the employee must so report to the appropriate authority in addition

to reporting to the designated HRO. Nothing in this policy shall preclude an employee from contacting 911 in emergency situations. Indeed, HROs shall remind employees to contact 911 if they feel they are in immediate danger.

Each designated HRO shall:

- A. Immediately respond to an employee upon request and provide a safe and confidential location to allow the employee to discuss the circumstances surrounding the domestic violence incident and the request for assistance.
- B. Determine whether there is an imminent and emergent need to contact 911 and/or local law enforcement.
- C. Provide the employee with resource information and a confidential telephone line to make necessary calls for services for emergent intervention and supportive services, when appropriate. The HRO or the employee can contact the appropriate Employee Assistance Program to assist with securing resources and confidential services.
- D. Refer the employee to the provisions and protections of The New Jersey Security and Financial Empowerment Act, N.J.S.A. 34:11C-1 et seq. (NJ SAFE Act), referenced under Section VIII of this policy.
- E. In cases where domestic violence involved a sexual touching or sexual assault between state employees, the HRO is also required to report the incident to their agency's EEO Officer or Title IX Officer, as appropriate.
- F. If there is a report of sexual assault or abuse, the victim should be offered the services of the Sexual Assault Response Team.
- G. Maintain the confidentiality of the employee and all parties involved, to the extent practical and appropriate under the circumstances, pursuant to this policy. (See Section VI).
- H. Upon the employee's consent, the employee may provide the HRO with copies of any TROs, FROs, and/or civil restraint agreements that pertain to restraints in the work place and ensure that security personnel are aware of the names of individuals who are prohibited from appearing at the work location while the employee who sought the restraining order is present. All copies of TROs and FROs must be kept in a separate confidential personnel file.

VI. CONFIDENTIALITY POLICY

In responding to reports of domestic violence, the HRO shall seek to maintain confidentiality to protect an employee making a report of, witnessing, or experiencing domestic violence, to the extent practical and appropriate under the circumstances and allowed by law. Thus, this policy does not supersede applicable laws, guidelines, standard operating procedures, internal affairs policies, or New Jersey Attorney General directives and guidelines that impose a duty to report.

This confidentiality policy shall not prevent disclosure where to do so would result in physical harm to any person or jeopardize safety within the workplace. When information must be disclosed to protect the safety of individuals in the workplace, the HRO shall limit the breadth and content of such disclosure to information reasonably necessary to protect the safety of the disclosing employee and others and comply with the law. The HRO shall provide advance notice to the employee who disclosed information, to the extent possible, if the disclosure must be shared with other parties in order to maintain safety in the workplace or elsewhere. The HRO shall also provide the employee with the name and title of the person to whom they intend to provide the employee's statement and shall explain the necessity and purpose regarding the disclosure. For example, if the substance of the disclosure presents a threat to employees, then law enforcement will be alerted immediately.

This policy does not supersede applicable laws, guidelines, standard operating procedures, internal affairs policies, or New Jersey Attorney General directives and guidelines where mandatory reporting is required by the appointing authority or a specific class of employees.

VII. CONFIDENTIALITY OF EMPLOYEE RECORDS

To ensure confidentiality and accuracy of information, this policy requires the HRO to keep all documents and reports of domestic violence in confidential personnel file separate from the employee's other personnel records. These records shall be considered personnel records and shall not be government records available for public access under the Open Public Records Act. See N.J.S.A. 47:1A-10.

VIII. THE NEW JERSEY SECURITY AND FINANCIAL EMPOWERMENT ACT

The New Jersey Security and Financial Empowerment Act, N.J.S.A. 34:11C-1, et seq. (NJ SAFE Act), is a law that provides employment protection for victims of domestic or sexual violence.

The NJ SAFE Act allows a maximum of 20 days of unpaid leave in one 12-month period, to be used within 12 months following any act of domestic or sexual violence. To be eligible, the employee must have worked at least 1,000 hours during the 12-month period immediately before the act of domestic or sexual violence. Further, the employee must have worked for an employer in the State that employs 25 or more employees for each working day during 20 or more calendar weeks in the current or immediately preceding calendar year. This leave can be taken intermittently in days, but not hours.

Leave under the NJ SAFE Act may be taken by an employee who is a victim of domestic violence, as that term is defined in N.J.S.A. 2C:25-19 and N.J.S.A. 30:4-27.6, respectively. Leave may also be taken by an employee whose child, parent, spouse, domestic partner, civil union partner, or other relationships as defined in applicable statutes is a victim of domestic or sexual violence.

Leave under the NJ SAFE Act may be taken for the purpose of engaging in any of the following activities, for themselves, or a child, parent, spouse, domestic partner, or civil union partner, as they relate to an incident of domestic or sexual violence:

- 1) Seeking medical attention;
- 2) Obtaining services from a victim services organization;
- 3) Obtaining psychological or other counseling;
- 4) Participating in safety planning, temporarily or permanently relocating, or taking other actions to increase safety;
- 5) Seeking legal assistance or remedies to ensure health and safety of the victim; or
- 6) Attending, participating in, or preparing for a criminal or civil court proceeding relating to an incident of domestic or sexual violence.

The full text of the New Jersey SAFE Act is provided in the Appendix to this policy.

IX. PUBLIC EMPLOYER DOMESTIC VIOLENCE ACTION PLAN

Public employers in the State of New Jersey shall develop an action plan to identify, respond to, and correct employee performance issues that are caused by domestic violence, pursuant to N.J.S.A. 11A:2-6a, and in accordance with the following guidelines:

- A. Designate an HRO with responsibilities pursuant to Sections IV and V of this policy.
- B. Recognize that an employee may need an accommodation as the employee may experience temporary difficulty fulfilling job responsibilities.
- C. Provide reasonable accommodations to ensure the employee's safety. Reasonable accommodations may include, but are not limited to, the following: implementation of safety measures; transfer or reassignment; modified work schedule; change in work telephone number or work-station location; assistance in documenting the violence occurring in the workplace; an implemented safety procedure, or other accommodation approved by the employer.
- D. Advise the employee of information concerning the NJ SAFE Act; Family and Medical Leave Act (FMLA); or Family Leave Act (FLA); Temporary Disability Insurance (TDI); or Americans with Disabilities Act (ADA); or other reasonable flexible leave options when an employee, or his or her child, parent, spouse, domestic partner, civil union partner, or other relationships as defined in applicable statutes is a victim of domestic violence.

- E. Commit to adherence to the provisions of the NJ SAFE Act, including that the employer will not retaliate against, terminate, or discipline any employee for reporting information about incidents of domestic violence, as defined in this policy, if the victim provides notice to their Human Resources Office of the status or if the Human Resources Office has reason to believe an employee is a victim of domestic violence.
- F. Advise any employee, who believes he or she has been subjected to adverse action as a result of making a report pursuant to this policy, of the civil right of action under the NJ SAFE ACT. And advise any employee to contact their designated Labor Relations Officer, Conscientious Employees Protection Act (CEPA) Officer and/or Equal Employment Opportunity Officer in the event they believe the adverse action is a violation of their collective bargaining agreement, the Conscientious Employees Protection Act or the New Jersey Law Against Discrimination and corresponding policies.
- G. Employers, their designated HRO, and employees should familiarize themselves with this policy. This policy shall be provided to all employees upon execution and to all new employees upon hiring. Information and resources about domestic violence are encouraged to be placed in visible areas, such as restrooms, cafeterias, breakrooms, and where other resource information is located.

X. RESOURCES

This policy provides an Appendix listing resources and program information readily available to assist victims of domestic violence. These resources should be provided by the designated HRO to any victim of domestic violence at the time of reporting.

XI. DISTRIBUTION OF POLICY

The Civil Service Commission and the Division of Local Government Services in the Department of Community Affairs shall distribute this policy, and any modifications thereto, to public employers. The Director of the Division of Local Government Services shall release Local Finance Notices setting forth any changes to this policy, as changes occur.

XII. OTHER APPLICABLE REQUIREMENTS

In addition to this policy, the HRO and the public employer's appointing authority must follow all applicable laws, guidelines, standard operating procedures, internal affairs policies, and New Jersey Attorney General directives and guidelines that impose a duty to report. Additionally, to the extent that the procedures set forth in this policy conflict with collective negotiated agreements or with the Family Educational Rights and Privacy

Act (FERPA), the provisions of the negotiated agreements and the provisions of FERPA control.

XIII. POLICY MODIFICATIONS AND REVIEW

A public employer may seek to modify this policy, to create additional protocols to protect victims of domestic violence but may not modify in a way that reduces or compromises the safeguards and processes set out in this policy.

The Civil Service Commission will review and modify this policy periodically and as needed.

XIV. POLICY ENFORCEABILITY

The provisions of this policy are intended to be implemented by the Civil Service Commission. These provisions do not create any promises or rights that may be enforced by any persons or entities.

XV. POLICY INQUIRIES & EFFECTIVE DATE

Any questions concerning the interpretation or implementation of this policy shall be addressed to the Chair/Chief Executive Officer of the Civil Service Commission, or their designee. This policy shall be enforceable upon the HRO's completion of training on this policy.

TOWNSHIP OF WYCKOFF
NOTICE
NJ HEALTH BENEFITS HEALTH CARE
WAIVER OPTION

If you are a Municipal employee whose compensation includes health benefits coverage and you have alternate health benefit coverage, a health care waiver option is available for your consideration.

HOW DOES IT WORK?

- 1 An employee who has elected to waive health care coverage prior to May 21, 2010 will receive 25% of the annual health care coverage cost as a taxable reimbursement through payroll. An employee who enrolls in the waiver plan on or after May 21, 2010 will receive 25% of the amount saved by the employer or \$5,000, whichever is less. The employer amount saved is calculated as premium, less the contribution the employee would have made if they had not waived coverage. The amount of the reimbursement will be adjusted annually, up or down, in accordance with increases or decreases of the annual cost of the health care coverage to the Township.
- 2 Any employee whose spouse is also a public employee in the State of New Jersey and is enrolled in the State Health Benefits Program, cannot be reimbursed for the Health Care Waiver by the Township of Wyckoff because this constitutes dual health benefit coverage by the State of New Jersey.
- 3 In order to waive the benefits, proof of alternate health benefit coverage must be provided. If married, proof of coverage through spouse is required. If single, proof of other coverage is required.
- 4 At any time throughout the year, if the employee loses spousal coverage, they may reinstate their health care coverage within sixty (60) days of the loss of spousal coverage. Proof of loss will be required.
- 5 Any employee who has elected to waive health care coverage may reinstate health care coverage at the open enrollment period on October 1st for reinstatement on January 1st of the following year.
- 6 An employee who has elected to waive coverage may change their option between husband and wife coverage and family coverage by providing proof of birth of a child or a covered child reaching the age of 26. Employees who elect to waive family coverage will be asked to provide certification of ages of their dependent children.
- 7 Any employee who has elected to waive their health benefit coverage and who is eligible to retire, may reinstate their health benefit coverage through the open enrollment process on October 1st of the year prior to their expected retirement date.
- 8 New employees may elect to waive health care coverage after two (2) months of active employment with the Township.

RE: **TOWNSHIP SICK LEAVE POLICY**

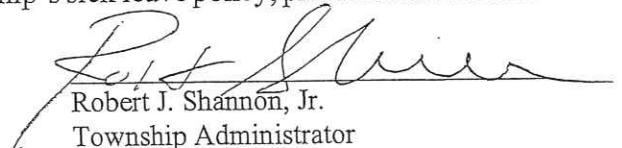

As you may be aware, it has been the practice of the Township of Wyckoff to provide its employees sick leave benefits. These benefits are referred to in the Township Personnel Manual, as well as in various Collective Bargaining Agreements. This memorandum is being issued in order to clarify any questions concerning the manner in which sick leave benefits are calculated.

The Township has always considered sick time to be a privilege, and not a right. As such, the Township does not permit the "banking" of unused sick time for the purpose of converting the same into a cash payout benefit at a future date. Instead, the Township's practice/policy regarding the accumulation of sick days is intended to provide protection to an employee during his/her employment in the event of a prolonged illness with medical doctor certification.

The Township makes available to its full-time employees fifteen (15) days of sick leave per year of employment. Unused sick leave days may be accumulated from year to year, so as to be available in case of a prolonged illness. By way of example, an employee who has worked for five (5) years and who has not used any of his/her sick days, would be eligible for a total of seventy-five (75) sick days for use in the event of a prolonged illness. In this same example, if the employee used twenty-five (25) sick days, he/she would be eligible for a total of fifty (50) sick days remaining.

While the limitations on and conditions pertaining to the use of sick days, i.e. documentation regarding proof of doctor's care, are reflected in the Personnel Manual or Agreement applicable to you, the manner in which sick days are calculated is as set forth above.

Should you have any questions pertaining to the Township's sick leave policy, please do not hesitate to contact me.

The Township of Wyckoff is an Equal Opportunity Employer, M/F

I. SICK LEAVE FOR CERTAIN PART-TIME EMPLOYEES PURSUANT TO NEW JERSEY PAID SICK LEAVE LAW (NJSA 34:11D-1)

1. Certain Part-Time Employees who work at least 120 days and do not have a separation in employment that exceeds six months in the benefit year earn up to a maximum of 40 hours of paid sick leave based on one hour of paid sick leave earned for every 30 hours worked. For new hires, paid time off begins to accrue on the first day of employment. However, 120 work days must be achieved before sick leave may be used.

A. Requirements:

1. Two Types of Sick Leave (as defined in the law NJSA 34:11D-1)
 - a. Foreseeable sick leave
 - b. Unforeseeable sick leave
2. The Township has established certain dates where using foreseeable earned sick leave is prohibited. These dates are; "verifiable high volume periods or special events, during which permitting the use of foreseeable earned sick leave would unduly disrupt the operations of the employer". Although the Township's policy is an employer wide policy approved by the Administrator, for the convenience of all employees, they may be implemented in specific departments. These dates are known in the law as "black-out dates".
3. Pursuant to the law, this policy provides notice to employees that the Township requires notification for "un-foreseeable" sick leave. This Notice requires the employee to "call - in" and speak with their supervisor to communicate that they are sick and cannot come to work.
4. Part-Time employees - can take foreseeable sick leave in one (1) hour increments.
4. Foreseeable sick leave requires written notice seven (7) days prior to the date of utilizing foreseeable sick leave and Department Manager approval must be obtained.
6. A doctor's note shall be required when an employee is out on sick leave for three (3) consecutive work days.
7. Unexplained absence of any employee for five (5) consecutive work days will be deemed to be job abandonment and constitute a resignation of such employee.
8. No "cashing in" of sick hours. If employee resigns, retires, is terminated or is otherwise separated from employment, the Township shall not pay out for unused or accrued sick time.
9. Carryover of earned sick leave (up to 40 hours) from current benefit year to the subsequent year only. Can only use 40 hours of sick leave in a benefit year.
10. If employee separates from employment for a period of 6 months or more, the sick leave accrual returns to a zero balance and the 120 days worked in a benefit year minimum requirement recommences, as established above.

11. Department Managers will record all earned paid sick leave time by recording it on an "Earned Sick Time Report for Part-Time Employees". A copy shall be emailed to Nancy Cole as each hour of paid sick leave is earned (based on 30 hours worked = 1 hour paid sick leave accrued).

12. Similar to the sick leave policy for full-time employees, the Township does not advance earned sick leave or permit monetary payouts for "banked time".

II. SICK LEAVE FOR FULL-TIME EMPLOYEES PURSUANT TO NEW JERSEY PAID SICK LEAVE LAW (NJSA 34:11D-1)

A. The CBA and EPL Manual provide more sick days (15 per year) than the law requires for members of the PBA, the DPW and Town Hall full-time employees.

B. Under the New Jersey Paid Sick Leave Law, this law is not to be implemented for employees under a CBA until the current CBA expires. Therefore, as it relates to the PBA and Wyckoff DPW:

- PBA – Expires December 31, 2022
- WRA – Expires December 3, 2025
- No foreseeable sick leave implemented at this time
- No black-out dates for foreseeable sick leave implemented at this time

C. Sick leave in the Township JIF Employee Handbook – pages 147, 148 & 149 remains current. (Attached).

D. Foreseeable sick leave is implemented for Town Hall employees at this time because they are not covered by a CBA.

E. Department Managers have established "Black-Out Days" when foreseeable sick leave shall not be taken as it would unduly impact Township operations, effectiveness and efficiency.

F. Foreseeable sick leave requires written notice seven (7) days prior to the date of utilizing foreseeable sick leave and Department Manager approval.

G. Pursuant to the law, this policy provides notice to employees that the Township requires notification for "non-foreseeable" earned sick time. This notice requires the employee to "call-in" and speak to their supervisor to communicate that they are sick.

H. Department Managers will continue the existing procedure of tracking/recording full-time employees' full work weeks and reporting all attendance on the Guardian System.

I. Employee's use of foreseeable sick leave should be reasonable and considerate to operations and other employees. See "black-out dates" and period restrictions.

III. IMPLEMENTATION CONTROLS

- a. Each Department Manager can establish black-out dates for use of "foreseeable" sick leave.
- b. Part-time employees – can use "foreseeable" sick leave in one (1) hour increments.

New Jersey Earned Sick Leave Notice of Employee Rights

Under New Jersey's Earned Sick Leave Law, most employees have a right to accrue up to 40 hours of earned sick leave per year. Go to nj.gov/labor to learn which employees are covered by the law.

New employees must receive this written notice from their employer when they begin employment, and existing employees must receive it by November 29, 2018. Employers must also post this notice in a conspicuous and accessible place at all work sites, and provide copies to employees upon request.

YOU HAVE A RIGHT TO EARNED SICK LEAVE.

Amount of Earned Sick Leave

Your employer must provide up to a total of 40 hours of earned sick leave every benefit year. Your employer's benefit year is:

Start of Benefit Year: 10/29/2018 End of Benefit Year: 12/31/2018

Every Jan 1 To 12/31 each succeeding year

Rate of Accrual

You accrue earned sick leave at the rate of 1 hour for every 30 hours worked, up to a maximum of 40 hours of leave per benefit year. Alternatively, your employer can provide you with 40 hours of earned sick leave up front.

Date Accrual Begins

You begin to accrue earned sick leave on October 29, 2018, or on your first day of employment, whichever is later.

Exception: If you are covered by a collective bargaining agreement that was in effect on October 29, 2018, you begin to accrue earned sick leave under this law beginning on the date that the agreement expires.

Date Earned Sick Leave is Available for Use

You can begin using earned sick leave accrued under this law 120 days after you begin employment.

Acceptable Reasons to Use Earned Sick Leave

You can use earned sick leave to take time off from work when:

- You need diagnosis, care, treatment, or recovery for a mental or physical illness, injury, or health condition; or you need preventive medical care.
- You need to care for a family member during diagnosis, care, treatment, or recovery for a mental or physical illness, injury, or health condition; or your family member needs preventive medical care.
- You or a family member have been the victim of domestic violence or sexual violence and need time for treatment, counseling, or to prepare for legal proceedings.
- You need to attend school-related conferences, meetings, or events regarding your child's education; or to attend a school-related meeting regarding your child's health.
- Your employer's business closes due to a public health emergency or you need to care for a child whose school or child care provider closed due to a public health emergency.

Family Members

The law recognizes the following individuals as "family members:"

- Child (biological, adopted, or foster child; stepchild; legal ward; child of a domestic partner or civil union partner)
- Grandchild
- Sibling
- Spouse
- Domestic partner or civil union partner
- Parent
- Grandparent
- Spouse, domestic partner, or civil union partner of an employee's parent or grandparent
- Sibling of an employee's spouse, domestic partner, or civil union partner
- Any other individual related by blood to the employee
- Any individual whose close association with the employee is the equivalent of family

Advance Notice

If your need for earned sick leave is foreseeable (can be planned in advance), your employer can require up to 7 days' advance notice of your intention to use earned sick leave. If your need for earned sick leave is unforeseeable (cannot be planned in advance), your employer may require you to give notice as soon as it is practical.

Documentation

Your employer can require reasonable documentation if you use earned sick leave on 3 or more consecutive work days, or on certain dates specified by the employer. The law prohibits employers from requiring your health care provider to specify the medical reason for your leave.

Unused Sick Leave

Up to 40 hours of unused earned sick leave can be carried over into the next benefit year. However, your employer is only required to let you use up to 40 hours of leave per benefit year. Alternatively, your employer can offer to purchase your unused earned sick leave at the end of the benefit year.

You Have a Right to be Free from Retaliation for Using Earned Sick Leave

Your employer cannot retaliate against you for:

- Requesting and using earned sick leave
- Filing a complaint for alleged violations of the law
- Communicating with any person, including co-workers, about any violation of the law
- Participating in an investigation regarding an alleged violation of the law, and
- Informing another person of that person's potential rights under the law.

Retaliation includes any threat, discipline, discharge, demotion, suspension, or reduction in hours, or any other adverse employment action against you for exercising or attempting to exercise any right guaranteed under the law.

You Have a Right to File a Complaint

You can file a complaint with the New Jersey Department of Labor and Workforce Development online at nj.gov/labor/wagehour/complnt/filing_wage_claim.html or by calling 609-292-2305 between the hours of 8:30 a.m. and 4:30 p.m., Monday through Friday.

55. SICK LEAVE

POLICY

Sick leave is defined as an employee's absence from regular duty because of illness, accident or exposure to contagious disease.

Paid sick leave shall remain in the discretion of the Governing Body.

Part-time and seasonal employees are not entitled to paid sick leave.

PROCEDURE

In case of illness or a non work-related injury, which prevents an employee from reporting for work, the employee shall notify his/her Supervisor or Department Head before the scheduled work tour begins in accordance with Section 39, Attendance. The Supervisor or Department Head shall notify the Township Administrator or his/her representative who may investigate and verify the employee's illness or injury.

In the event the illness or injury requires three (3) or more working days absence, the Department Head shall re-verify such condition and report to the Township Administrator.

Upon request of the Department Head each employee absent on sick leave for three (3) or more consecutive working days shall present an authorization from a registered physician to return to work.

This authorization may be required prior to the employee's return to work and shall be provided at the employee's expense. Such statement shall include medical reasons for which the leave is required, along with the dates of absence.

It is the responsibility of the Department Head to report all sick leave and attendance cards to the office of the Township Administrator regarding used sick leave days for each employee.

Each Department Head shall report sick leave use monthly to the Township Administrator. The report shall contain the employee's name, dates and days of sick leave use.

A Department Head has the authority to request a Doctor's Certificate, to be provided at employee expense, at any time when an employee calls in and reports he or she is sick or injured and unable to

work. Also, the Department Head has the authority to verify any Doctor's Certificate with the Township Physician, at the Township's expense.

36. OVERTIME COMPENSATION POLICY

Under the Federal Fair Labor Standards Act, certain employees in managerial, supervisory, administrative, computer or professional positions are exempt from the provisions of the Act. There are also employees who may be exempt because their compensation exceeds \$100,000 per year depending upon their job duties. The Township Administrator shall notify all Exempt employees of their status under the Act. Exempt employees are not eligible to receive overtime compensation and are required to work the normal workweek and any additional hours need to fulfill their responsibilities. Time off consideration for large amounts of additional hours may be provided with the Township Administrator's prior written approval and at the sole discretion of the Township Administrator.

All other employees are classified as Non-Exempt and are subject to the provisions of the Act. Depending upon work needs, Non-Exempt employees may be required to work overtime. Non-exempt employees are not permitted to work overtime unless the overtime is budgeted and have received prior written approval from the Police Chief (for employees assigned to the Police Department), the DPW Manager or the Township Administrator. Non-exempt employees working overtime without prior written approval will be subject to disciplinary action.

Non-exempt employees who have received prior written approval will receive overtime compensation for hours worked in excess of forty (40) hours in a weekly period. Employees may choose overtime compensation in the form of overtime pay at their regular hourly salary or compensating time off. The maximum number of hours that an employee may accrue for future compensating time off is fourteen (14) hours. Once this maximum has been accumulated, all additional hours will be compensated by overtime pay. Accrued and taken overtime compensating hours must be noted on the employee's time sheet.

Non-Exempt employees will receive one and one-half hours of overtime compensation for each hour worked in excess of forty (40) hours in a weekly period. For purposes of overtime

compensation, hours work are computed to the nearest one-half hour per day. Previously scheduled vacation time and holiday time are considered time worked for purposes of determining overtime compensation, but sick time and personal time are not.

Employees must make their request to their supervisor at least two (2) days in advance when they want to take compensating time off. The supervisor will approve the request if the absence does not cause undue hardship to the department.

The employee titles that are exempt under this Act are; Township Administrator, Township Engineer, Construction Code Officer, Municipal Clerk, Chief Financial Officer, Tax Collector, Recreation Director, Police Chief, DPW Manager, Sanitarian, Building Inspector, Tax Assessor and Library Director.

RE: SMOKING CONTROL POLICY

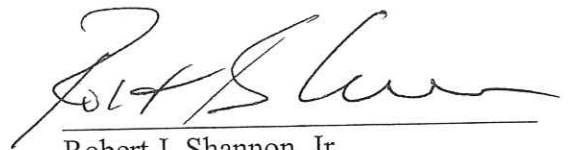

This memo was originally issued on July 22, 1992.

This memo shall serve as the Township's written Smoking Control Policy and is designed to conform to Public Law, Chapter 381, adopted December 18, 1985 and PEOSHA rule that was incorporated into N.J.A.C. 5:23-11 December 19, 1991.

Essentially, the aforementioned two mandates establish the right of the non-smoking employee to breathe clean air and supersedes the privilege of the employee to smoke. The law indicates that "air from designated smoking areas shall not be re-circulated to no-smoking areas" and "designated smoking area" shall mean an area in a building where smoking is permitted and which is physically separated from non-smoking areas and which non-smokers do not need to enter or pass through.

The practical effect of this air quality rule, as it relates to Town Hall, Police Headquarters, the Recreation Office, Police Pistol Range, Zabriskie House, Animal Control facility, Public Library, the Larkin House and DPW facility, limits smoking to outdoor areas.

Any alleged violations should be reported to the Board of Health.

RE: **SAFETY PROCEDURE FOR TOWN HALL IN THE EVENT OF AN ACT OF TERROR**

I have been asked by employees as to the procedures municipal staff should follow in the event of a tragic act of terror as we all watched last week in San Bernardino County California at a seminar/Christmas party. I have consulted with the Police Department and based on current federal guidance, the layout of our Town Hall and our existing emergency evacuation plan posted in the copier room, the following is our plan:

1. Any sound an employee finds alarming, and the employee can exit the building safely, please exit the building at one of the four ingress/egresses or ground floor window(s) away from the sound and gather at Fire House #1, if possible
2. Call 9-1-1. If you cannot speak, leave the line open and allow the dispatcher to listen.
3. All offices are equipped with a panic button, press it.
4. Always try to remain calm. Tell responding Police Officers what you know.
5. The attached two pages provide guidance for office employees from the U.S. Department of Homeland Security.
6. Any questions, please ask.

HOW TO RESPOND WHEN AN ACTIVE SHOOTER IS IN YOUR VICINITY

Quickly determine the most reasonable way to protect your own life. Remember that customers and clients are likely to follow the lead of employees and managers during an active shooter situation.

1. Evacuate

If there is an accessible escape path, attempt to evacuate the premises. Be sure to:

- Have an escape route and plan in mind
- Evacuate regardless of whether others agree to follow
- Leave your belongings behind
- Help others escape, if possible
- Prevent individuals from entering an area where the active shooter may be
- Keep your hands visible
- Follow the instructions of any police officers
- Do not attempt to move wounded people
- Call 911 when you are safe

2. Hide out

If evacuation is not possible, find a place to hide where the active shooter is less likely to find you.

Your hiding place should:

- Be out of the active shooter's view
- Provide protection if shots are fired in your direction (i.e., an office with a closed and locked door)
- Not trap you or restrict your options for movement

To prevent an active shooter from entering your hiding place:

- Lock the door
- Blockade the door with heavy furniture

If the active shooter is nearby:

- Lock the door
- Silence your cell phone and/or pager
- Turn off any source of noise (i.e., radios, televisions)
- Hide behind large items (i.e., cabinets, desks)
- Remain quiet

If evacuation and hiding out are not possible:

- Remain calm
- Dial 911, if possible, to alert police to the active shooter's location
- If you cannot speak, leave the line open and allow the dispatcher to listen

3. Take action against the active shooter

As a last resort, and only when your life is in imminent danger, attempt to disrupt and/or incapacitate the active shooter by:

- Acting as aggressively as possible against him/her
- Throwing items and improvising weapons
- Yelling
- Committing to your actions

Questions and Answers about your Employee Assistance Program

What is an Employee Assistance Program ?

It is an employer-sponsored program. Your company has retained the services of *Intervention Strategies, Inc.*, a qualified counseling resource that specializes in the assessment of personal problems. Here's how the program works:

- The request for help may be initiated by the employee or family. Simply call **800-663-0404** and an appointment will be arranged. **Confidentiality is assured.** The discussion of the problem is strictly between you and the counselor. Neither your employer nor your coworkers will have any knowledge of your request for help.
- Your supervisor may encourage the use of the Employee Assistance Program when a performance problem occurs in order to determine if personal problems may be interfering with the job. The supervisor will not attempt to diagnose or counsel an employee on personal issues. The program is voluntary. However, if the offer of help is refused and job performance or attendance problems continue, regular corrective procedures will apply.

Why is a program like this needed?

Progressive organizations are providing Employee Assistance Programs to their employees because it makes sense to help the most valuable resource of an organization which is its people. Each of us, regardless of our position in the organization, face a variety of problems in our daily lives.

What kinds of problems will the Employee Assistance Program deal with?

The program deals with human problems - the kinds that affect an employee's personal well-being and his or her ability to perform on the job. These may include marital difficulties, financial or legal problems, emotional difficulties, or problems caused by addictive illnesses such as workholism, alcoholism, and drug abuse. Since an employee's personal well-being can be affected by the problems of loved ones, this program is also made available to anyone who is a part of your life.

But aren't those problems private?

Certainly these problems are personal, until they begin to have an adverse impact on the employee's performance. The intent of the Employee Assistance Program is to prevent issues from getting worse. Calls are confidential!

3. STANDARDS OF CONDUCT AND ETHICS POLICY

Public employment is a unique status and involves special responsibilities. In order to define precisely the permissible parameters of a Township employee's off-duty employment and to set forth provisions relating to the conduct and ethics required of Township employees, the following policy shall be adhered to by all employees.

Employees including the Township of Wyckoff officials must conduct business according to the highest ethical standards of public service. Employees are expected to devote their best efforts to the interest of the Township of Wyckoff. Violations of this policy will result in appropriate discipline including termination.

The Township of Wyckoff recognizes the right of employees to engage in outside activities that are private nature and unrelated to Township of Wyckoff business. However, business dealings that appear to create a conflict between the employee and the Township of Wyckoff's interests are unlawful under the New Jersey Local Government Ethics Act. Under the Act, certain employees and officials are required to annually file with the Township of Wyckoff Clerk a state mandated disclosure form. The Township of Wyckoff Clerk will notify employees and the Township of Wyckoff officials subject to the filing requirements of the Act.

A potential or actual conflict of interest occurs whenever an employee including a Township of Wyckoff official is in a position to influence a Township of Wyckoff decision that may result in a personal gain for the employee or an immediate relative including a spouse or significant other, child, parent, stepchild, sibling, grandparents, daughter-in-law, son-in-law, grandchildren, niece, nephew, uncle, aunt, or any person related by blood or marriage residing in an employee's household. Employees are required to disclose possible conflicts so that the Township of Wyckoff may assess and prevent potential conflicts. If there are any questions whether an action or proposed course of conduct would create a conflict of interest, immediately contact the Township Administrator to obtain clarification.

Employees are allowed to hold outside employment as long as it does not interfere with their Township of Wyckoff responsibilities. Employees are prohibited from engaging in outside employment activities while on the job or using the Township of Wyckoff time, supplies or equipment in the outside employment activities. The Township Administrator may request employees to restrict outside employment if the quality of the Township of Wyckoff work diminishes. Any employee who holds an interest in, or is employed by, any business doing business with the Township of Wyckoff must submit a written notice of these outside interests to the Township Administrator.

Employees may not accept donations, gratuities, contributions or gifts that could be interpreted to affect their Township of Wyckoff duties. Under no circumstances accept donations, gratuities, contributions or gifts from a vendor doing business with or seeking to do business with the Township of Wyckoff or any person or firm seeking to influence the Township of Wyckoff decisions. Employees are required to report to the Township Administrator any offer of a donation, gratuity, contribution or gift including meals and entertainment that is in violation of this policy.

TRAINING GUIDE **MUNICIPAL LIABILITY**

Purpose: This guide is provided to acquaint all staff with how liability is noticed on the Township and how employees should initially react to that notice.

TITLE 59 of New Jersey Statutes (also known as the TORT Claims Act), provides immunities for municipalities except when they have notice of a hazard.

How do municipalities receive notices of hazards, (unsafe conditions)?

A letter is received, a telephone call is placed to the municipality or a telephone call is placed to the police desk.

What is considered an unsafe conditions (hazards)?

Examples include: potholes, dead branch over a school bus stop, depression next to a catch basin, playground equipment with splintering wood, sink hole on a recreation field, etc.

The major receiver of unsafe conditions/complaints is the police desk. The Police Chief has trained the police department staff to immediately contact the Township Engineer or the Public Works Manager to immediately respond to the condition and make a judgment and repair the unsafe condition. The second usual unsafe condition report is a dead tree overhanging parking spaces of expensive cars.

Now that you are aware of these conditions/complaints, how should you respond if you receive an unsafe condition notice?

Upon receipt of a call which is an unsafe condition, you must obtain thorough and complete information, location of unsafe condition, complaintant's name, address, telephone number and immediately provide this information to the department whose responsibility would include that correction of the condition. Just do not leave it on a Department Manager's desk or wait until the Department Manager returns to work if they are off. Notices of unsafe conditions must be responded to immediately.

Any questions on who to provide this information to, ask your Department Manager. If your Department Manager is not available, ask me. If I am not available, have Elaine page me.

TOWNSHIP OF WYCKOFF
Memorandum

April 9, 2018

To: Robert J. Shannon, Administrator
All Department Managers
Distribute to all Employees with remote access

From: Diana McLeod, CFO/CTC

Re: **Off-site Office Work and Remote Computer Access**

The ability to work from a remote location has been provided to certain Township employees in order to allow for easy accessibility and emergency work related situations. As such the following procedures are being established to ensure that any Township work performed via computer from a remote (out of office) location complies with Township policies of record retention and cybersecurity.

1. If you work outside of the office, all physical documentation prepared on behalf of the Township of Wyckoff must be archived and retained in accordance with all State of New Jersey record retention requirements. This can be accomplished by: saving work on thumb drive and saving to your work computer once in the office (please scan thumb drive for viruses prior to using), emailing any documents to your Township email and saving once in the office. It is the individual employee's responsibility to comply with the law pertaining to the archiving and retention of Township records.
2. Working remotely by dialing into your work computer will save files but also requires adherence to confidentiality and cybersecurity protocols. Employees with remote access should:
 - a. Leave your work computer on for access BUT you must log off and bring screen to password protected log on window before leaving the office.
 - b. Turn off your work monitor so no one can watch what you are doing.
 - c. Work computers must be set to log off automatically if not used in 10 minutes.
 - d. Do not save any work directly to the remote computer.
 - e. When working from remote locations save work on your Township computer for purposes of archiving.
 - f. Be aware that people around you can view your connection to Township computer so make sure you maintain all confidentiality and security protocols.
 - g. Be sure to log out of remote connections when not working.

TOWNSHIP OF WYCKOFF
Memorandum

April 3, 2018

To: All Departments

From: Diana McLeod, CFO/CTC

Re: **Procedure for acceptance of Online Forms and Online Payments**

As per NJAC 5:30-9 et seq, Government Electronic Receipt Acceptance, the collection of fees through online form and payment processes are subject to policies and procedures that will ensure accuracy, proper recording of collected fees and audit compliance. These rules and regulations are promulgated by the State of New Jersey. On-line payments are considered a cash receipt and are subject to all accounting, internal controls and auditing requirements. **Daily reconciliation, procedures for monthly proofs and review will become the responsibility of the using department.** The Finance Department will no longer have the ability to detail individual receipts. Online payments must be set up to comply with the Finance Departments reporting procedures, State of New Jersey Local Finance Board rules and regulations, and audit compliance. Procedures are listed and may change as necessary to ensure compliance.

1. No department may authorize the use of online payment of forms without prior authorization from the Chief Financial Officer. All forms being paid on-line are required to have a "payment code" associated with the form established by the CFO and that reconciles with the Township's revenue and payment recording system. Any vendor being used to create such online form and payment systems must be able to establish the necessary codes for each individual form that coincide with the Finance Departments reporting system to ensure that payments can be properly processed in the Finance reporting system. These codes are a requirement of the State of New Jersey Local Finance Board and Division of Local Government Services.
2. All online forms and payment reports are subject to all Record Retention laws as required by the State of New Jersey. Each department must maintain written documentation of each receipt.
3. Any vendor contracted to create online reporting and payment systems must deposit all monies collected to the Township not to exceed 72 hours from time of collection. They must be able to provide a daily and date generated reports, in both summary and detail form, that will breakdown the payments by the pre-assigned payment codes and the amount paid that reconciles to the daily and monthly deposit made to the Township's bank account.
4. The Finance Department will record to the Township's reporting system the total collected under each payment code and reconcile the bank accounts for payments taken in. The Finance Department will no longer be able to input receipts by block/lot or individual payment. As a result, the Finance Office will no longer be able to generate a detailed report.
5. **Therefore, each department that uses online form and payment systems must prove and reconcile their departments receipts in a detailed report and must provide a subsidiary report each month to the Chief Financial Officer. These reports must include each individual**

receipt information (block, lot, fee type). Any discrepancies between the Department's report and the deposits made to the bank must be reconciled by the Department.

6. Each Department will be audited annually during the Township's state required annual audit by the Township Committee selected Independent/Third Party Audit Firm and **each department is responsible for ensuring all documents and proofs are up to date and available to the auditor upon request.** It is the Department's responsibility to maintain accurate, detailed records and reports of their Department's on-line form and payment records.
7. Any questions please ask immediately. Do not wait until you are being audited!!

Wyckoff Policy Addressing the Protection and Safe Treatment of Minors

I. Purpose and Scope:

Under New Jersey law (N.J.S.A. 6-8.21), an abused or neglected child is anyone "under the age of 18 who is caused harm by a parent, guardian or other person having custody or control of that minor." A child who is under the age of eighteen (18) is considered to be abused or neglected when a parent, caregiver, another child or another adult does one of more of the following:

1. Inflicts or allows to be inflicted physical injury by other than accidental means that creates substantial harm or risk of substantial harm, and/or
2. Fails to provide proper supervision or adequate food, clothing, shelter, education or medical care although financially able or assisted to do so, and/or
3. Commits or allows to be committed an act of sexual abuse against a child.

Child abuse can have long-term effects on victims. A lack of trust and difficulty with healthy relationships is common, as is a core feeling of worthlessness and low self-esteem. There may even be long-term trouble with regulating emotions that can lead to destructive behaviors.

There are typically four common types of abuse:

- The failure to meet a child's basic needs, physically or emotionally, which is called **neglect**.
- The intentional use of physical force that results in injury, which is called **physical abuse**.
- The practice of any behaviors that harm a child's feelings of self-worth or emotional well-being, which is **emotional abuse**.
- Engaging in sexual acts with a child including pornography, which is **sexual abuse**.

Unfortunately, statistics reflect that abuse is all too common in any form.

- In New Jersey, abuse reports involving 80,000 children are filed each year. 50,000 of those children receive prevention and post-response services.
- 75% of the cases involve neglect, 18% of the cases involve physical abuse, and psychological abuse accounts for 7% of the cases.
- 55% of the perpetrators are female, while males account for 45%.
- Sadly, child abuse is a vicious cycle, in that 30% of abused children will later abuse their own children.

The statistics and characteristics pertaining to **sexual abuse** are sobering and equally as disheartening:

- ✓ **"Peer-to-Peer"** abuse is by far the most common, where one or more children or adolescent(s) sexually abuses or inappropriately touches another. Legally, the abuser must be at least 4 years older to trigger the statute. The *American Psychological Association* reports this type of abuse is driven by power and dominance, the same factors that drive bullying within this age group. In fact, bullying can be a precursor to sexual abuse, especially when there is a lack of supervision.
- ✓ In contrast, **"adult-to-child"** abuse is typically thought out and planned in advance, demanding access and privacy and control. These three factors demand a specific type of relationship and setting, meaning that 90% of juvenile sexual abuse victims know their abuser. The scope of the problem is massive: by the age of 18, 1 in 4 girls and 1 in 6 boys have experienced sexual abuse. From those figures, 88% of those molestations are attributed to individuals with pedophilia. ***Pedophilia is a psychotic disorder in which an adult or adolescent demonstrates a primary sexual attraction to prepubescent children.*** It is important, however, not to confuse pedophilia with actual child molestation, as many pedophiles never act on their attractions.
- ✓ Child sexual abusers are not always easy to spot. Though 7 out of every 8 molesters are male, they match the general population in ethnicity, religion, education, and marital status. So, there is no stereotype, especially since abusers go to great lengths to blend in. However, only 10% of them abuse children that they don't know, and 68% look no further than their own families for victims.
- ✓ 40% of abusers first begin molesting children before they themselves reach the age of 15, and the vast majority before the age of 20.
- ✓ Adolescent abusers generally begin their acts of abuse on younger siblings.
- ✓ Most sexual abuse occurs within the family. However, molesters can gain access to children outside of their own families through employment or volunteer work with an organization that works primarily with children. This allows them both time alone with potential victims and the ability to build trust and credibility. In fact, child abusers are often known and respected in their communities for dedication to children.
- ✓ In terms of a victim profile, it is important to remember that, although there are characteristics that make some children more vulnerable, every child is in danger. Passive, lonely or troubled children, especially those who live with step-parents or single parents may be targeted. Children between the ages of 7 and 13 years old are most at risk, and

children from low socioeconomic backgrounds or rural areas are more likely to be victimized.

- ✓ Molesters have behavioral patterns that can be identified as **"grooming"** their victims. Sexual abuse is rarely violent. The molester's goal is to solicit compliance by beginning to win the victim's trust. There might be pet names, gifts to foster exclusivity and encouragement to "keep secrets." The molester might begin to spend time with the victim outside of the regular program or schedule, contacting parents to become involved in a child's life in some capacity, like babysitting. For this reason, many parents are shocked after abuse comes to light simply because the abuser seemed trustworthy. Inevitably, the favoritism is not enough to keep the victim silent any more, and the abuser resorts to threats—threats that play off of a child's guilt over the sexual contact.
- ✓ During the grooming process and abuse, victims often begin to show signs such as sexual behaviors or strong sexual language that is too adult for their age. Many children feel at fault after the abuse and begin to suffer guilt and depression, even resorting to self-harm. They may begin to display cuts and scratches or other self-inflicted injuries. However, some children are naïve and unaware of the gravity of the abusive nature of their experience. Research shows that children often delay reporting sexual abuse. They should not be disbelieved just because they waited a long time to seek help.

In the State of New Jersey every level of government has a role in protecting minors.

- At the State level:
 - State law is enforced through the NJ Family Division of the State court system. The court has broad powers including the ability to remove children from dangerous situations
 - The Department of Children and Families, specifically the Division of Child Protection and Permanency, combines all state operations intended to safeguard children into a single, coordinated program working closely with the Courts, legal advocates and law enforcement.
 - The Department of Corrections operates adult prisons and youth correctional centers to deal with perpetrators, while individual counties operate youth detention centers and special purpose schools.

- At the local level:
 - Educational professionals have the most contact with children, meaning they are often the first to detect issues.
 - Housing Authority employees may also frequently come into contact with children.
 - Municipalities and counties operate or sponsor a variety of programs that involve children including but not limited to:
 - Recreation programs
 - Before and After Care programs
 - Youth sports leagues
 - Youth centers
 - Youth in Government programs
 - Junior law enforcement training programs
 - The role of **Police and law enforcement agencies** is especially important. Police officers assist in resolving reported situations, often acting as first identifiers. In New Jersey, police are given broad authority to protect children, including the authority to remove them from their parents or caregivers without a court order if necessary to prevent imminent danger to a child. Under the **Prevention of Domestic Violence Act**, a law enforcement officer must make an arrest when the officer finds "probable cause" that domestic violence has occurred. This holds even if the victim refuses to make a complaint. The Act is invoked in situations where the victim exhibits signs of injury caused by domestic violence, when a warrant is in effect, or when there is probable cause to believe that a weapon has been involved in an act of domestic violence. Abusers often use psychological tactics or coercive control over their partners, such as making threats to prevent a victim from leaving or contacting friends, family or police. But even if these conditions are not met, an officer may still make an arrest or sign a criminal complaint if there is probable cause to believe acts of domestic violence have been committed. Now if there is no visible sign of injury but the victim states that an injury did, in fact, occur, the officer must take other factors into consideration in determining probable cause.

The Township of Wyckoff is committed to the safety of all individuals in its community; however, the Township of Wyckoff has particular concern for those who are potentially vulnerable, including minor children. The Township of Wyckoff regards the abuse of children as abhorrent in all its forms and pledges to hold its officials, employees and volunteers to the highest standards of conduct in interacting with children. Statistics show that 93% of victims under the age of 18 know the abuser. Further, a perpetrator does not have to be an adult to harm a child but are typically in a caregiver role. They can have any

relationship to the child including a playmate, family member, a teacher, a coach, or instructor.

The Township of Wyckoff is fully committed to protecting the health, safety and welfare of minors who interact with officials, employees, and volunteers of the Township of Wyckoff to the maximum extent possible. These Policy and Procedures establish the guidelines for officials, employees, and volunteers who set policy for the Township of Wyckoff or may work with or interact with individuals under 18 years of age, and those who supervise employees, and volunteers who may work with or interact with individuals under 18 years of age, with the goal of promoting the safety and wellbeing of minors.

This Model Policy provides guidelines that apply broadly to interactions between minors and officials, employees, and volunteers in programs operated by the Township of Wyckoff or affiliated programs or activities. All officials, employees, and volunteers are responsible for understanding and complying with this policy.

II. Definitions:

- **Authorized Adult**- Individuals, age 18 and older, paid or unpaid, who interact with, supervise, chaperone, or otherwise oversee and/or interact with minors in program activities, recreational, and/or residential facilities. The Authorized Adults' roles may include positions as counselors, chaperones, coaches, instructors, etc.

V. Procedures and Responsibilities of Officials:

Under New Jersey Law, an official may be held liable for the abuse or neglect of a child if he or she fails to implement appropriate safeguards to protect the child while the minor has been entrusted to the care of the Township of Wyckoff. Most importantly, recent changes in the law in New Jersey extended the statute of limitations for child abuse and neglect cases substantially, thus placing local officials and employees at a far greater risk.

A valid cause of action can be filed by an alleged victim well after the official has left office. It is, therefore, critically important for officials to establish and monitor policies and procedures designed to safeguard minors entrusted to the care of the Township of Wyckoff

➤ Officials of the Township of Wyckoff) are required to :

- i. Complete the initial training course adopted by the Township of Wyckoff and any updated/refresher course, in order to better understand their legal duties and responsibilities under Federal and NJ State Law. The training program will include the following concepts:

In light of the importance and priority placed on safeguarding the health and safety of minors, it is critically important that suspected cases of child abuse and neglect are reported as soon as possible. **As a government official, employee or volunteer, you are legally required to report suspected child abuse. This requirement includes all governmental officials, employees and volunteers.**

The following procedures shall be utilized in reporting suspected cases of abuse. The Township of Wyckoff shall also train officials, department heads, employees and volunteers in the concept of **"dual reporting"** as listed and defined below and shall encourage all staff and volunteers to utilize this process as much as possible in reporting suspected cases of abuse.

Child Abuse is a hard thing to talk about, especially with victims. The most important thing to remember is to **show calm reassurance and unconditional support**. Avoid interrogation and leading questions. Understand that denial and embarrassment are common reactions. Don't display disbelief, shock, or disgust. Instead, be reassuring. Make sure the child knows that they did nothing wrong. Reassure them that this is not their fault and make sure they know that you take it seriously.

Interviewing children to investigate sexual abuse requires highly technical expertise. ***Do not "investigate" an abuse situation. Do not interrogate the child.*** Rather report it immediately as shown below. And finally, keep safety as the priority. If there is the possibility of violence against yourself or the child, get the appropriate professionals or agencies involved as soon as possible.

It is required that officials, employees and volunteers report the suspected abuse to the Wyckoff Police Department immediately and the Wyckoff Police Department shall report the suspected abuse to the NJ Department of Children and Families (known as "dual reporting")

For employees or volunteers of programs conducted by the Township of Wyckoff:

- Immediately report suspected cases to the Recreation Director or Police Chief in charge.
- The Department Head shall immediately report the alleged incident to the Police Chief. The Police Department shall document the alleged abuse in writing including the following information, as recommended by the New Jersey Department of Children and Families:

 - c. **When:** When the alleged abuse/neglect occurred and when you learned of it.
 - d. **Where:** Where the incident occurred, where the child is now and whether the alleged perpetrator has access to the child.
 - e. **How:** How urgent the need is for intervention and whether there is a likelihood of imminent danger for the child.
- After documenting all of the facts surrounding the alleged abuse, the Police Department shall call the Hotline established by the NJ Department of Children and Families @ 1-877-652-2873. It is not the supervisor's role to make a decision on whether a case should be reported. All cases shall be reported.

For Volunteer coaches or other volunteers in charge of programs sponsored by or affiliated with the Township of Wyckoff.

1. The Volunteer shall immediately document the alleged abuse in writing including the following information, as recommended by the New Jersey Department of Children and Families:
 - a. **Who:** The child and parent/caregiver's name, age and address and the name of the alleged perpetrator and that person's relationship to the child.

2. After documenting all of the facts surrounding the alleged abuse, the Volunteer shall immediately call the Wyckoff Police Department and the Wyckoff Police shall contact the NJ Department of Children and Families.

For Officials and Department Heads who witness or become aware of alleged cases of abuse or neglect:

1. The Officials and Department Heads shall immediately document the alleged abuse in writing including the following information, as recommended by the New Jersey Department of Children and Families:
 - a. **Who:** The child and parent/caregiver's name, age and address and the name of the alleged perpetrator and that person's relationship to the child.

- For ***Law Enforcement Officers:***
- Immediately report any suspected or alleged cases of abuse or neglect to the County Prosecutor.

XI. Important Information Regarding Reporting Suspected Abuse Under NJ Law:

The following guidelines have been established under New Jersey law, for those reporting suspected or alleged cases of abuse or neglect. The Township of Wyckoff encourages all officials, employees, and volunteers in programs operated by the Township of Wyckoff or affiliated programs or activities to report suspected cases of abuse with the following in mind.

- i. Any person who, in good faith, makes a report of child abuse or neglect or testifies in a child abuse hearing resulting from such a report is immune from any criminal or civil liability as a result of such action. Calls can be placed to the hotline anonymously.*
- ii. However, any person who knowingly fails to report suspected abuse or neglect according to the law or to comply with the provisions of the law is a disorderly person.*

XII. Acknowledgement of Receipt and Review of Policy:

All officials, employees/counselors, and volunteers shall sign and date the acknowledgement form on page 22 that confirms they have received and reviewed the Policy Addressing the Protection and Safe Treatment of Minors, issued to them by the Township of Wyckoff. The same process shall be used for any revised policy issued in the future.

Appendix B – Grooming Behavior

Grooming is when someone builds a relationship, trust and emotional connection with a child or young person so they can manipulate, exploit and abuse them.

Here are some common characteristics of someone attempting to “groom” a child.

- Molesters often refer to their intended victims by pet names and use gifts to foster exclusivity and build a relationship while starting the practice of keeping secrets.
- The molester might begin to spend time with the victim outside of the regular program or schedule, contacting parents to become involved in a child’s life in some capacity, like babysitting. For this reason, many parents are shocked after abuse comes to light simply because the abuser seemed so good – too good to be true, in fact.
- Inevitably, the favoritism is not enough to keep the victim, and the abuser resorts to threats—threats that play off of a child’s guilt over the sexual contact.
- During the grooming process and abuse itself, victims often begin to show tell-tale signs including:
 - Sexual behaviors or strong sexual language that is too adult for their age.
 - Many children feel at fault after the abuse and begin to suffer guilt and depression, even resorting to self-harm.
 - Also look for cuts and scratches or other self-inflicted injuries.

RECREATION DEPARTMENT

Emergency Treatment - Parent's Consent

This is the Recreation Department information that is a required checkbox for all residents who register their children for a Recreation program. They literally cannot register without checking the box in this section.

As a parent and/or guardian of the registered minor(s), I hereby authorize the treatment by a qualified and licensed medical doctor in the event of a medical emergency which, in the opinion of the attending physician, may endanger my child's life, cause disfigurement, physical impairment or undue discomfort if delayed. This authority is granted only after a reasonable effort has been made to reach me.

RECREATION DEPARTMENT

Wyckoff Recreation Participant Injury & Parent Contact Procedure

In the course of a sporting event, injuries will invariably occur. It is important that the coaches remain calm and follow the procedures outlined below. When in doubt about the severity of the injury, call 911 first and immediately contact the parents or guardians. Be sure to review your roster for allergies or any other conditions that the parents made us aware of during registration.

Three Levels of Care

1. Serious Life-Threatening Injury to a Participant:

1. Call 911
2. If the child's parent or guardian is present, call them over and bring them into the decision making/care process. If the child's parent or guardian is NOT present, use the Recreation Department provided roster to immediately contact a parent to request permission to provide first aid. The parents have already provided permission for emergency treatment via the registration process but obtaining verbal permission must still be attempted.
3. If First Aid certified, provide basic First Aid/CPR. First Aid kits are provided to each coach prior to the start of the season. An AED (Automated External Defibrillator) is located at each of the Township fields as well at every school. If the injury is neck, back, or a bone is potentially broken, do not attempt to move the child, and wait for emergency services to arrive. If the coach or an assistant coach has time, he/she should begin filling out the accident report form. If there is no time, one should be completed immediately following the incident. Report the incident to the Recreation Department by email and/or phone as soon as possible after the injury, but not before the player has been cared for.

2. Less Threatening Injuries:

1. After initial assessment, if the child's parent or guardian is present, call them over and bring them into the decision making/care process. If the child's parent or guardian is NOT present, use the Recreation Department provided roster to immediately contact a parent to request permission to provide first aid. The parents have already provided permission for treatment to be provided via the registration process but obtaining verbal permission must still be attempted.
2. If First Aid certified, provide basic First Aid/CPR. First Aid kits are provided to each coach prior to the start of the season. If the coach or an assistant coach has time, he/she should begin filling out the accident report form. If there is no time, one should be completed immediately following the incident. Report the incident to the Recreation Department by email and/or phone as soon as possible after the injury, but not before the player has been cared for.

3. Minor Injuries:

1. After initial assessment, provide standard First Aid with appropriate precautions or have the child administer him/herself for the most minor of injuries (icepacks, band aid applications).
2. Upon completion of the session, if the parent or guardian was not in attendance and is unaware of the minor injury, contact them using the Recreation Department provided roster to alert them to the injury.

- Abide by and support the rules of the game as well as the spirit of the rules.

- Don't engage in or permit profanity or obscene gestures during practices, sporting events, or any other situation where the behavior could reflect badly on yourself, your players, or the Township.

Expected Behavior:

- Teach techniques that reduce the risk of injury to both the coach's own players and their opponents.
- Discourage illegal contact or intentional dangerous play and administer swift and equitable discipline to players involved in such activity.

I will remember that I am a youth sports coach, and that the game is for children and not adults.

I am aware that the Township has a Zero Tolerance Policy for Harassment/Intimidation/Bullying.

Expected Behavior:

- Any observations of harassment, bullying, or intimidation of a parent or child participant shall be instructed to stop immediately by a coach and reported to the Recreation Director. This includes actions by other coaches, parents, or child participants.

I am aware of Restroom Procedures as they relate to children utilizing a restroom during activities.

Expected Behavior:

- All restrooms shall be checked in advance by staff persons (head coach, assistant coach) before minor children enter to make certain that no other individuals are present.
- Staff members (of the same sex) are to stand guard at the doorway to make certain that no one else enters the restroom while a child is there. Children should not be permitted to enter restrooms in pairs or in groups, unless it is absolutely necessary.
- Staff members may also relinquish the child to his or her parent if they are present to use the restrooms.

8. I will demand a sports environment for my child that is free of drugs, tobacco, and alcohol, and will refrain from their use at all youth sports events. 12. I will serve as a role model in my actions and words.
13. I will respect my child's coaches and teammates by making every effort to fully meet the program's commitment as shown by his/her regular attendance at scheduled games and practices for the duration of the season.
14. I am aware of the Zero Tolerance Policy toward Harassment/Intimidation/Bullying and will not participate in any of these toward any coaches, players, other parents, or officials. 15. I will refrain from posting negative comments about the Wycokoff Recreation Program, its staff, volunteer coaches, officials, other parents and players, and its opponents on any form of social media. Doing so is disrespectful to the program and its many volunteers and goes against the positive experience all are attempting to provide for your child.

Wyckoff Recreation Code of Conduct

My failure or reported failure to comply with the attached Code of Conduct, Zero Tolerance Towards Harassment, Intimidation, and Bullying Policy, and the Volunteers Communicating Electronically Regarding Municipal Operations Policy in my role as a Coach or a Parent will result in my alleged actions being brought before the Wyckoff Board of Parks and Recreation's Code of Conduct Committee where my conduct will be reviewed and appropriate action taken. Violation of this policy shall subject participants, parents, spectators and coaches to disciplinary action, up to and including immediate removal from the program.

RE: TELEPHONE USAGE POLICY

There have been numerous complaints, by employees in every department, that many employees are spending an unacceptable amount of paid work time receiving or making personal phone calls, texts and reading personal materials (i.e. magazines and balancing personal check books) during paid working hours. It is unfortunate that an attempt to provide some personal flexibility has become an area of abuse and contention among Township employees. As a result, management is required to make clear to all employees the Telephone Use Policy for the Township.

Personal phone calls, texts, and reading personal materials during paid working hours, whether on Township phones or cell phones is prohibited by Township Personnel Policy. A copy of the telephone use policy has been frequently provided to each employee through the Township's weekly newsletter and is attached for further review. While we recognize that some personal calls must be made during daytime business hours, personal calls are to be made on the employee's unpaid (off work) time. This means; before the start of work day, after the end of the work day, or during their unpaid lunch hour. The Township pays employees to perform a job function, not to engage in personal conversation (whether extended or frequently throughout the day) that takes time away from their ability to perform their job function during the hours for which they are being paid. Additionally, reading personal materials during paid work hours is also prohibited. Doing so is an indication that the employee has free time during paid work hours and should be asking for and given additional work responsibilities.

The Township views all personal calls, texts, and reading of personal materials a violation of personnel policy. There is no distinction between a 20 minute personal phone call, 10, 2 minute personal calls or texts, or 20 minutes reading magazines or personal materials. All are prohibited. Prohibited phone use is not limited to spouses, family members and friends but should also include scheduling personal appointments. All employees are on notice to stop making personal calls or reviewing personal materials during their paid work hours and instead, use their unpaid lunch hour for such communications. The only exception is for family emergencies such as an ill family member or family crisis. To be clear as examples (but not limited to); calling to ask about shopping lists, chat about the day or what someone would like for dinner, reading magazines or texting do not constitute emergencies that the Township is willing to allow you to use paid work time for. All employees should convey to their family and friends that they are not authorized to receive personal calls during paid work hours and make plans accordingly.

All department managers are directed to immediately monitor their office staff to ensure compliance with the Telephone Use Policy and Personnel Policy. They are further required to remind anyone they see violating these policies that they are not authorized to make personal calls, texts, or review personal materials during paid work hours. Any abuse of these policies should be reported in writing to the Township Administrator for forwarding to the Personnel Committee.

TOWNSHIP OF WYCKOFF

INTERNET USAGE POLICY

The Township of Wyckoff has established the following policy for use of Township of Wyckoff computers with access to the Internet:

1. Internet access is for municipal business during municipal business hours only. Use and access to the internet on Township equipment for personal use is prohibited.
2. No chat room, blogging or any other "sharing" of information usage is authorized.
3. E-mail is authorized for municipal business and municipal/community volunteer communication during municipal business hours only.
4. Authorized users of Township Internet access will be assigned Township passwords. Usage will be monitored.
5. All communications, E-mail, memos, letters, reports and data base(s) on or prepared on a Township of Wyckoff computer is the property of the Township of Wyckoff.
6. Downloading or uploading unauthorized programs/files is strictly prohibited.
7. Intellectual Property. Copying or distributing works (generally words, pictures, sounds such as mp3 files, movies, computer programs, etc.) created by others without their permission may violate the copyright or trademark rights of the owners. There is nothing about using the Internet to make or distribute a copy that makes it "OK". If you are not the author of something you probably need permission of the copyright owner before making a copy for yourself or sending a copy by e-mail to someone.
8. Unsolicited Bulk E-Mail. Township Internet Accounts shall never be used for sending bulk e-mail for commercial or ideological causes, or for forwarding chain letters and the like.
9. Virus Protection. Generally, simply reading an e-mail cannot spread a computer virus. Attachments to e-mails, however, may be executable programs that run in the background when operated and infect your computer or allow hacking to occur. If you have doubts regarding the sender do not open an email attachment. If work requires exchanging e-mail attachments with another person, you should send an email stating that you will be sending a follow-up e-mail with the attachment. Downloading programs from the Internet carries the risk of downloading a virus infected program.
10. **If you have doubts regarding a particular sender, do not open any email attachments from that sender!**
11. Social media sites are fraught with viruses due to their "sharing" capabilities and are not to be accessed without prior supervisor authorization.

The use of the Township's internet connection is a privilege, not a right. Inappropriate use will result in suspension or revocation of those privileges and possible personnel action. The Administrator will deem what is inappropriate use and his decision will be final.

Pg 2 TOWNSHIP OF WYCKOFF INTERNET USAGE POLICY

The Township assumes no responsibility for any damages, direct or indirect, arising from its connections to the Internet. Municipal staff is cautioned that ideas, points of view and images can be found on the Internet which are controversial, divergent, offensive and/or inflammatory. The provision of access for municipal use does not mean or imply that the Township endorses or sanctions the content or point of view of any of the information or commentary which may be found on the Internet. The Internet offers access to a wealth of information for municipal use. But, because the Internet is a vast and unregulated information network, it also enables access to ideas, information, images and commentary beyond the confines of the Township's mission and policies. Because of this, and the fact that access points on the Internet can and do change often, rapidly and unpredictably, the Township cannot protect individuals from information and images which they might find offensive and disturbing. The Township of Wyckoff assumes no responsibility for such images or information which one may find offensive and disturbing.

Internet Usage Policy Updated 2016.07.27.16

In the interest of protecting our computer network, systems and programs from external threats, please be sure to log off of your computer at the end of the workday.

Do not open any attachments from people that you do not recognize.

Social media sites are fraught with viruses due to their user sharing capabilities.

Please do not write down your password and keep it in or on your desk. Keep your password secure and do not share it with others. A brightly colored post-it note stuck to your monitor is not a secure location.

Experts routinely lament the perils of weak password strength when providing technology risk management tips. Security experts have long sounded the alarm that companies must set strong password policies in order to protect data. Yet, too many employees set "12345" as a password and fail to change their passwords periodically. Remember, one of the worst third party-responsible data breaches in the history of computing was hackers obtaining an HVAC vendor's login credentials and accessing Target's payment systems. Make password strength a priority so that hackers don't correctly guess that a key employee's dog is the inspiration for his password into your data ...Have you changed your password lately?

All Township of Wyckoff employees need to understand that we have an obligation to protect the Township's data. Our practices are in place to help safeguard the Township's data, as well as to protect our residents' sensitive information and the privacy of data involving the vendors and bidders with whom the township has business relationships.

Only open email attachments when you are confident that they are secure. Do your part to keep our network safe.

Be wary of callers asking for confidential employer or personal information.

This is a reminder that employees do not have permission to install software on any Township of Wyckoff computer.

DO not use your work computer for non-work purposes.

Protect sensitive information.

Immediately report any suspected security breach.
