Re: Public Notification
NJDEP Flood Hazard Area General
Permit No. 10 and Freshwater Wetlands
General Permit No. 1
Mountain Avenue Culvert Replacement
Over Squaw Brook Tributary
Township of Wyckoff
Bergen County, New Jersey
Our File No. WY-524

Dear Ms. Brown:

This letter is to provide you with legal notification that Boswell Engineering (Boswell), on behalf of the Township of Wyckoff, is applying to the New Jersey Department of Environmental Protection, Bureau of Land Use Regulation, for a Flood Hazard Area General Permit No. 10 and Freshwater Wetlands General Permit No. 1 for the improvements shown on the enclosed plan. A brief description of the proposed project follows:

The existing 38" x 57" elliptical corrugated metal pipe (ECMP) is in deteriorated condition and in need of replacement. The existing ECMP will be replaced in-kind with a new 38" x 57" ECMP. Since the project involves a regulated watercourse (Squaw Brook Tributary), the aforementioned Land Use Permits are required for the proposed activity.

The complete permit application package can be reviewed at the municipal clerk's office in the municipality in which the site subject to the application is located, or by appointment at the Department's Trenton Office. In addition, an electronic copy of the initial application can be provided via an OPRA request by contacting <https://www.nj.gov/dep/opra/opraform.html> from the Department's Trenton Office. The Department of Environmental Protection welcomes

Ms. Nancy A. Brown
Acting Municipal Clerk
Township of Wyckoff
