8:35 PM

Mayor Kevin J. Rooney updated the Township Committee regarding the status of the contract negotiation between the PBA and the Township. The PBA returned the contract and completely changed Section 43.03 so that employees would be paid for accumulated leave. At the last meeting with both attorneys present, the Township explained the only change for Section 43.03 was to replace the word "how" with the word "when." Chief Fox performs a word for word review of the contract and discovered the change. The modification made by the PBA and signed by the PBA President was never raised in negotiations and therefore, never discussed or approved.

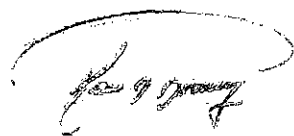

When this discrepancy was brought to the attention of the PBA Attorney, the reply was, "we stand by this change." The negotiation team cannot recommend the contract for approval and the process will have to return to Step 1. The financial impact of the PBA word change is extensive to the taxpayer.

The Township Committee discussed various negotiation strategies including proceeding to arbitration. A copy of a letter from Mayor Rooney that explains the sequence of events will be distributed tomorrow to all sworn police officers.

Chief Fox and Township Committee members expressed disappointment that this significant change was added into the contract document by the PBA bargaining team after the negotiations were completed and without discussion and approval.

9:20 PM

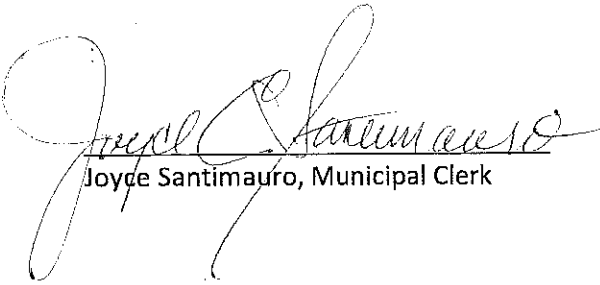

The Mayor requested an update on the efforts to negotiate a successor contract with the Wyckoff PBA as the current contract expires on December 31, 2014. Multiple meetings have taken place; the PBA has requested a 12-hour work shift. The Township has offered a five-year contract with a one percent (1%) increase in the first three (3) years and zero (0) increase in years four and five (4 & 5).

The Township has drafted a new step guide and submitted it to the PBA. The current step guide includes large increases from one step to the next. The proposed step guide limits the step guide to a constant amount over the five (5) year contract period.

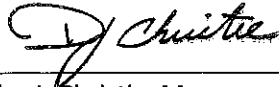

The Township remains concerned about the 12 hour work shift since our research indicates it increases over-time payments. Mr. Jepsen asked why does the PBA want a 12 hour work shift? When you work 12 hour shifts rather than 8 hour work shifts over fifty two (52) weeks, employees work sixty seven (67) less days per year even though they work the same number of hours. The PBA contends it decreases over-time and sick time.

The next meeting is on October 15, 2014.

8:50 PM

Police Chief Fox explained the efforts of the Township Committee's police subcommittee (Deputy Mayor Rooney, Township Committeeman Rudy Boonstra, Chief Fox and Township Administrator Robert Shannon, and CFO Diana McLeod) through eight (8) negotiation sessions with the PBA, 12 preparations meetings, numerous reviews of the salary step guide, and the understanding and application of the new binding arbitration law that limited the amount a state arbitrator could award a PBA unit. The recommendation of the subcommittee is fair to our police officers, fair to the taxpayers, and still maintains a competitive starting salary to attract the best police candidates when vacancies occur.

Deputy Mayor Rooney explained having the use of the new law assisted the subcommittee with obtaining favorable language modifications requested by Police Chief Fox to assist with the Chief's administration of the police department, which otherwise would not have been possible. This language included improvements to sick time, light duty and use of leave days so as not to result in overtime payments. Other modifications included decreasing longevity payments from 8% to 2%. Decrease the salary guide steps from double digits to a 4% difference and freezing the salary guide steps for four (4) years (2015-2018). The increases are 1.25% to 1.5%. A Township Committee consensus appeared to exist to approve this offer when returning to the open work session.

Mr. Rooney updated the Township Committee as to the status of the two previous negotiation meetings with officials of Midland Park. On December 31, 2014 the third of the five-year Shared Service contracts with Midland Park where Wyckoff performs dispatch service through its police communication desk for the Midland Park Police Department, Fire Department, Ambulance Corps and Department of Public Works, expires. Midland Park has issued invitations for cost proposals and met with other municipalities in Northwest Bergen County in their efforts to negotiate this service at a lower cost. The current cost Midland Park pays to Wyckoff is \$280,000 for this service.

The Township Committee negotiation subcommittee discussed the benefit to Wyckoff renewing this contract, its negotiation strategy, and the other municipalities as well as Bergen County's dispatch center which may be available to Midland Park. Various strategy scenarios were discussed. The Wyckoff Shared Service is a valuable dispatch service which is provided by Wyckoff through its police department rather than a civilian agency, and Wyckoff is a contiguous municipality, and Wyckoff has the operational experience from performing this function during the past fifteen (15) years.

The Township Committee's offer to provide this service for a 5-year contract starting at a price of \$260,000 with a 3% increase in each subsequent year of the five-year proposed shared service agreement (2015-2019) was reported.

A Township Committee consensus existed to continue with this effort as reported.

8:15 PM

Police Committee Chair Kevin Rooney provided an update regarding the efforts of the Police Committee to obtain a dispatch shared service contract or continue providing this function in-house with municipal employees. The impetus of this effort was Midland Park's decision in July to not renew the shared service contract with Wyckoff after fifteen (15) years. The Township attempted to retain that contract and offered a reduced price of \$260,000 per year with two percent (2%) increases after the first year. Midland Park chose to enter into an agreement with Central Dispatch for \$235,000 and five percent (5%) increased after the first year.

Essentially, without Midland Park's funding, Wyckoff's expense to provide this function is \$480,000. The Township obtained a price quote from Central Dispatch of \$435,000.

After numerous visits, discussions and conversations with Police Chief's who have a shared service agreement with Bergen County Dispatch Center (BCDC) at the Police & Fire Academy Campus in Mahwah. The Township decided to obtain a price quote from the BCDC. It is the Police Committee's recommendation that the BCDC provides: the best services available and cutting edge technology that a small municipality could not afford to replicate for the value. A price quotation of \$180,000 per year for ten (10) years has been obtained. Years two through four (2-4) would not have an increase and then a two percent (2%) increase for each remaining year. If the CPI increases over five percent (5%) for twelve (12) months, the contract could be re-negotiated. A flat fee of \$1,200 per year will be charged for up to one hundred (100) radios to be utilized on the radio system. (Typically the BCDC charges \$50 per radio used on the system). Five (5) portable digital radios will be provided by the County to the Township. The Township will pay for this service each year in four (4) installments.

The Township also insisted that the shared service contract include a clause that our current dispatchers will be offered an interview and considered for vacant dispatch positions with BCDC.

Benjamin C. Fox, Chief of Police indicated he has spoken with other Police Chief's who have a shared service with BCDC for dispatch services; they provide a good report with a helpful approach from the BCDC dispatch staff. Chief Fox recommends the shared service arrangement and believes it will increase safety. Essentially, the concept is no different than what Midland Park did fifteen (15) years ago when it abolished its dispatch operation in favor of a shared service agreement with Wyckoff. Once the safety aspect was verified, the financial aspect is positive since the \$180,000 charge is less than the salaries alone for four (4) of our six (6) full-time dispatchers.

Deputy Mayor Rooney reminded the Township Committee that \$75,000 was previously budgeted to address radio transmission coverage gaps through communication towers or other available improvements. The Chief's staff has been testing the digital radio system and it provides a clear and strong signal. The previously budgeted funds will be used to fund required connections that are necessary by this conversion to a digital system.

A telephone will also be required at the police entrance door for folks who come to police headquarters after business hours which will be connected to the Bergen County Dispatch Center. They will then dispatch a car. Mr. Jepsen asked how many times does this routinely occur after business hours. Chief Fox replied, since almost everyone has the hand held technology of a cell phone and more folks call for information, very infrequently do folks visit headquarters during night-time hours.

Mr. Boonstra recognized Deputy Mayor Rooney for the countless hours he and Chief Fox have dedicated to this effort. The agreement will result in a cost avoidance of four million dollars (\$4,000,000.) to the Township in expenses over ten (10) years.

The draft contract was provided to the Township Attorney for legal review.
