8:35 PM

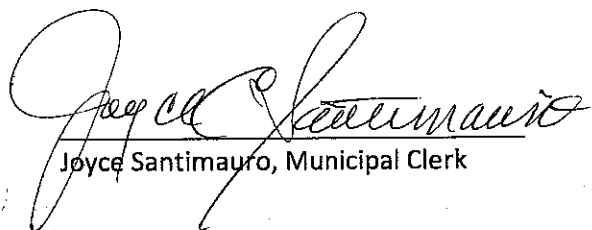

Deputy Mayor Kevin Rooney reported that he met with the YMCA representatives regarding the summary of the bid results obtained by the YMCA for the work to construct the artificial turf fields at Pulis Field. The Township Committee previously agreed to pay for the improvement of Charles Avenue from the right-of-way line to West Main Street. However, the YMCA agreed to pay for certain improvements including the conduit and stanchion bases for the future construction of outdoor sports lighting. This work was left out of the YMCA request for bids. The YMCA also did not include in their bidding document bringing the electric onto the site to the area of the concession stand and for the irrigation system.

Mr. Rooney met with the DPW Manager and determined that electric power must be obtained from a utility pole at the corner of the YMCA and railroad track and not from a utility pole on Spring Meadow Drive. Constructing the electric system and the stanchions for the lights will cost three (3) times as much if it is not constructed before the artificial turf is installed.

The DPW Manager believes he can manage the work to complete the conduit and stanchions at a cost of \$50,000. A contribution at this amount was secured from the Parks & Recreation Foundation. Mr. Landel will contact the YMCA and suggest the YMCA's Engineer manage the work and receive the \$50,000 or the Township will manage the work before the project begins. A consensus existed based on staff recommendation that the Township Committee not approve the start of the project unless it includes the lighting infrastructure. Any decision will be made at a future Township Committee public meeting.

Motion by Mr. Scanlan, seconded by Mr. Rooney to adjourn Closed Session discussion. All present voting yes.

9:10 PM

Robert Landel, Township Attorney, updated the Township Committee in regard to the status of the lease agreements he has prepared and the ongoing lease negotiations with the YMCA. Critical points remain: improvement of Charles Avenue starting at 50 feet from the center line to West Main Street, the efforts to require non-tax revenue from the Torpedoes Soccer Club, the YMCA, and the Wyckoff Parks and Recreation Foundation for the future artificial turf replacement estimated (by the manufacturer) every 10 years, measures to ensure the funds are set aside by the YMCA to complete the improvement if an unforeseen issue occurs, and a two-year maintenance guarantee. After a thorough discussion of bargaining positions and the fact that this improvement is being negotiated at a very limited municipal cost, a consensus appeared to exist to approve the concepts and details reported by Mr. Landel. The Township Committee will enter the open work seminar and consider a vote to provide Mr. Landel with their opinion in this regard.

9:15 PM

The Township Attorney reported the status of his negotiation efforts with the YMCA's attorney. The negotiations have taken a strident tone with the YMCA declining to perform certain construction components.

The Township Attorney continues to refer back to his April 4, 2014 letter he sent to the YMCA Attorney and YMCA representatives which describes the extent of the work the Township negotiated the YMCA to perform. At issue currently is the Charles Avenue improvement and approximately three to four construction tasks that originally were suggested as a cost savings measure that the Department of Public Works could perform.

The Township Committee discussed the issues thoroughly and their disappointment that these issues are raised at the end of the negotiation process when the agreements are in the preparation stage and the YMCA's unwillingness to release the plans for bidding until the Township agrees to the new YMCA's terms.

The Township Committee discussed options and a consensus appeared to exist to agree to these demands to take advantage of the YMCA funding.

Mayor Christie advised that he received a call from a PTO Economy Shop Trustee who, on behalf of the President and their Board, objected to the rent increase for the new three year lease period. The Trustee indicated that their budget is set for the new year and in accordance with the lease, they understand they have to replace the roof. They feel an annual rent of \$500.00 when they are paying \$80.00 per year, is excessive.

It was explained to the Trustee that the Senior Citizens pay \$25.00 per month for the use of the Larkin House and \$500.00 a year is not a market rate and the Township Committee has an obligation to all residents.

A consensus appeared to exist to maintain the rent of \$80.00 for the new 12 month period when the roof is replaced and a strategy was discussed for the remaining two years. The Mayor will re-connect with the Trustee and advise.

The current five and a half (5 ½) year lease expires on June 30, 2014. The lease contract has been in place for approximately 40 years and requires a rent of \$80.00 per year; reimbursement to the Township of the lease contract for the rail road parking easement and reimbursement of the Township's cost for fire insurance. In 2013 that total cost was \$713.

The PTO Economy Shop leases the facility to operate a consignment shop staffed by parent volunteers, with proceeds donated to the K-8 school system and the high school system. The Superintendent of Schools has reported that last year, the PTO Economy Shop donated \$35,000 to the schools.

The Township Committee members discussed the rent amount of \$80.00 per year and a consensus appeared to exist that to be fair to all taxpayers, the rent should be minimally increased from \$80.00 to \$500.00 per year and the term of the lease contract should be three (3) years. The Township Committee discussed this lease contract in the context of strategy and its completion.

Mr. Rooney and Mr. Landel met the Township's communication consultant, Mr. Declan O'Scanlon of FSD Enterprises, LLC last Thursday at the Township's leaf compost site off of Charles Avenue. Mr. O'Scanlon has located a potential tenant who would pay the Township non-tax revenue that could be used to defray taxation through a land lease to construct a communication tower and utility building. The Township Committee discussed the logic of this location. The prospective tenant is a financial reporting company whose desired locations are based on a line of sight technology.

The Township Committee discussed various negotiation strategies, the amount of non-tax revenue it could typically receive and additional one-time revenue it could demand for the land lease and still complete the transaction as a strategy to obtain the most non-tax revenue to help defray taxation.

A consensus appeared to exist to continue with this negotiation.

Mayor Christie explained that in the last three months, a number of negotiation sessions have taken place regarding the funding and improvements for the artificial turf field, sports lighting, access and parking improvements at the Pulis soccer field facility located adjacent to the YMCA campus. A negotiation session is scheduled for April 2, 2014 and the purpose of the Closed Session discussion is to review the negotiation strategy and the proposed improvements.

The negotiation committee diligently negotiated to achieve the objective of no municipal up-front costs. The Township would contribute \$200,000 towards the replacement of the artificial turf surfaces in ten (10) years, after the fields are constructed. The up-front funds would be provided by the WPRF, Wyckoff Torpedo private soccer club and the lion's share from the YMCA.

The source of the Township's funds would be the Open Space Tax fund. The Township Committee members discussed various strategies and scenarios.

Mr. Rooney explained a letter was received from Mark Cole who resides at 592 Russell Avenue, (Block 377, Lot 1) offering to donate a seventy (70) feet by one hundred (100) feet triangular sliver of his lot because it is located on the Russell Farms Community Park side of the brook that separates his driveway from the Park. However, Mr. Cole does not want the conveyance process to result in a cost to him.

A Township Committee consensus appeared to result after a review of strategy, cost and as a practical matter, the Township should acquire the property since the property looks as if it is part of the Park.

Mr. Rooney indicated he met with Mr. Landel and he suggested a reverse subdivision could be completed for \$2,500. A Township Committee consensus existed to instruct the Township Attorney to complete this process when the Township Committee reconvenes into the Open Work Session from this Closed Session discussion.

Lawsuits filed:

Two lawsuits were filed this week regarding the Aldo's Restaurant site plan application approval at 640 Wyckoff Avenue.

1. Henry and Joan McNamara vs the Wyckoff Planning Board and Aldo's Italian Restaurant and
2. The Wyckoff Shopping Center Inc. vs the Wyckoff Planning Board and Aldo's Italian Restaurant

It was indicated that the Planning Board will authorize defense of the Planning Board, however it is the Township of Wyckoff's obligation to fund the defense of the Planning Board. It was indicated that the Township Committee poured over the budget this year to limit the tax increase and appropriations were not provided for this defense because at that time the need for these expenditures were not known. The Township will have to conserve in an already reduced budget to fund these expenses.
The Township Committee discussed the litigation and its defense.

Township Attorney Report:

Mr. Landel wished the governing body members a Happy New Year and provided the following report:

1. A letter to an affordable housing resident at Barrister Farms Condominium Complex was submitted for review. The letter questions whether the individual actually resides at this Wyckoff address. Should the Township determine the individual is not residing there, a lawsuit could force occupancy or sale. The definition of occupancy is essentially a common sense definition whereby it is the primary location where a person lives and sleeps. Committeeman Boonstra suggested possibly voting records or tax returns that could be utilized as proof of residency. Mr. Landel commented that the Township Staff has been receiving conflicting information as to whether this individual resides at this location. However, in accordance with the affordable housing documents, the municipality has an obligation to take this matter a step further.
2. Mr. Landel had read the list of the Administrator's accomplishments in 2014 and was very impressed with the thirty-three (33) permits the Municipal Clerk and her office issued in 2014 for games of chance. Mr. Landel complimented Ms. Santimauro and her staff and indicated the games of chance permits are not easy tasks. Ms. Santimauro advised that she spends one and one half hours with each person who comes to inquire about obtaining a raffle permit.
3. The volume of work the Administrator devotes for the Affordable Housing Trust Fund is extensive and the correspondence throughout the year indicates this time spent.

Administrator's Report:

1. The Administrator indicated that attached to the Township Committee packet was the annual list of accomplishments that the governing body team has achieved. It is presented for your review.
2. A Bergen County Alliance Grant of \$11,677.00 for the period of 1/1/14 thru 6/30/15 was received. The grant was reviewed, processed, signed by Mayor Christie and returned to the County.
